

The terms and conditions of the grant award also will specify the data to be submitted and the schedule for submission. Grantees will be required to adhere to these terms and conditions of award.

Applicants should be aware that SAMHSA is working to develop a set of required core performance measures for each of SAMHSA's standard grants (*i.e.*, Services Grants, Infrastructure Grants, Best Practices Planning and Implementation Grants, and Service-to-Science Grants). As this effort proceeds, some of the data collection and reporting requirements included in SAMHSA's NOFAs may change. All grantees will be expected to comply with any changes in data collection requirements that occur during the grantee's project period.

5. Evaluation

Grantees must evaluate their projects, and applicants are required to describe their evaluation plans in their applications. The evaluation should be designed to provide regular feedback to the project to improve implementation of the best practice and, ultimately, the outcomes that will result from implementation of the best practice.

Phase I grantees must conduct a process evaluation. Phase II grantees must conduct a process and outcome evaluation of the pilot test, as well as a process and outcome evaluation of the full Phase II project.

Process and outcome evaluations must measure change relating to project goals and objectives over time compared to baseline information. Both Phase I and Phase II grantees must include the required performance measures described in the NOFA in their evaluations. Control or comparison groups are not required. You must consider your evaluation plan when preparing the project budget.

Process components should address issues such as:

- How closely did implementation match the plan?
- What types of deviation from the plan occurred?
- What led to the deviations?
- What effect did the deviations have on the intervention and evaluation?
- For pilot test evaluations, who provided (program, staff) what services (modality, type, intensity, duration), to whom (individual characteristics), in what context (system, community), and at what cost (facilities, personnel, dollars)?

Outcome components should address issues such as:

- What was the effect of the project on the service delivery system and/or on participants in the project?

- What program/contextual factors were associated with outcomes?

- What individual factors were associated with outcomes?

- How durable were the effects?

No more than 20% of the total Phase I grant award and 25% of the total Phase II grant award may be used for evaluation and data collection.

6. Grantee Meetings

You must plan to send a minimum of two people (including the Project Director) to at least one joint grantee meeting in each year of the grant, and you must include funding for this travel in your budget. At these meetings, grantees will present the results of their projects and Federal staff will provide technical assistance. Each meeting will be 3 days. These meetings will usually be held in the Washington, DC, area, and attendance is mandatory.

II. Award Information

A. Award Amount

The NOFA will specify the expected award amount for each funding opportunity. Regardless of the amount specified, the actual award amount will depend on the availability of funds.

Awards for SAMHSA's BPPI grants will be made in two phases:

Phase I—Phase I awards are expected to range from \$150,000–\$200,000 in total costs (direct and indirect) for a project period of up to 18 months.

Phase II—Phase II awards will range from \$300,000–\$500,000 per year in total costs (direct and indirect) for a project period of up to 3 years.

Applications with proposed budgets that exceed the allowable amount as specified in the NOFA in any year of the proposed project will be screened out and will not be reviewed. Annual continuation awards will depend on the availability of funds, grantee progress in meeting project goals and objectives, and timely submission of required data and reports.

B. Funding Mechanism

The NOFA will indicate whether awards for each funding opportunity will be made as grants or cooperative agreements (see the Glossary in Appendix B for further explanation of these funding mechanisms). For cooperative agreements, the NOFA will describe the nature of Federal involvement in project performance and specify roles and responsibilities of grantees and Federal staff.

III. Eligibility Information

A. Eligible Applicants

Eligible applicants are domestic public and private *nonprofit* entities. For example, State, local or tribal governments; public or private universities and colleges; community- and faith-based organizations; and tribal organizations may apply. The statutory authority for this program precludes grants to for-profit organizations. The NOFA will indicate any limitations on eligibility.

B. Cost-Sharing

Cost-sharing (see Glossary) is not required in this program, and applications will not be screened out on the basis of cost-sharing. However, you may include cash or in-kind (see Glossary) contributions in your proposal as evidence of commitment to the proposed project.

C. Other

SAMHSA applicants must comply with certain program requirements, including:

- Budgetary limitations as specified in Sections I, II, and IV-E of this document; and

- Documentation of nonprofit status as required in the PHS 5161–1.

You also must comply with any additional program requirements specified in the NOFA, such as the required signature of certain officials on the face page of the application and/or required memoranda of understanding with certain signatories.

Applications that do not comply with the eligibility and specific program requirements for the funding opportunity for which the application is submitted will be screened out and will not be reviewed.

IV. Application and Submission Information

(To ensure that you have met all submission requirements, a checklist is provided for your use in Appendix A of this document.)

A. Address To Request Application Package

You may request a complete application kit by calling one of SAMHSA's national clearinghouses:

- For substance abuse prevention or treatment grants, call the National Clearinghouse for Alcohol and Drug Information (NCADI) at 1–800–729–6686.

- For mental health grants, call the National Mental Health Information Center at 1–800–789-CMHS (2647).

You also may download the required documents from the SAMHSA Web site
