

These changes involved the publication of four standard grant announcements that would provide the basic program design and application instructions for four types of grants—Services Grants, Infrastructure Grants, Best Practices Planning and Implementation Grants, and Service-to-Science Grants. The four announcements were made available for public review and comment for 60 days. The comments received and changes made to the standard grant announcements are described in a separate **Federal Register** notice. This notice provides the final text for SAMHSA's standard Service-to-Science Grants announcement.

Authority: Sections 509, 516, and 520A of the Public Health Service Act.

DATES: Use of the standard Service-to-Science Grants announcement will be effective November 21, 2003. The standard Service-to-Science Grants announcement must be used in conjunction with *separate* Notices of Funding Availability (NOFAs) that will provide application due dates and other key dates for specific SAMHSA grant funding opportunities.

SUPPLEMENTARY INFORMATION: Starting in FY 2004, SAMHSA is changing its approach to announcing and soliciting applications for its discretionary grants. SAMHSA will publish four standard grant announcements that will describe the general program design and provide application instructions for four types of grants—Services Grants, Infrastructure Grants, Best Practices Planning and Implementation Grants, and Service-to-Science Grants. The text for the final standard Service-to-Science Grants announcement is provided below.

The standard Service-to-Science Grants announcement will be posted on SAMHSA's Web page (www.samhsa.gov) and will be available from SAMHSA's clearinghouses on an ongoing basis. The standard announcements will be used in conjunction with brief Notices of Funding Availability (NOFAs) that will announce the availability of funds for specific grant funding opportunities within each of the standard grant programs (e.g., Homeless Treatment grants, Statewide Family Network grants, HIV/AIDS and Substance Abuse Prevention Planning Grants, etc.).

and/or substance abuse treatment, prevention, and support services should apply for awards under this announcement.

SAMHSA also funds grants under three other standard grant announcements:

- *Services Grants* provide funding to implement substance abuse and mental health services.
- *Infrastructure Grants* support identification and implementation of systems changes but are not designed to fund services.

• *Best Practices Planning and Implementation Grants* help communities and providers identify practices to effectively meet local needs, develop strategic plans for implementing/adapting those practices and pilot-test practices prior to full-scale implementation.

This announcement describes the general program design and provides application instructions for all SAMHSA Service-to-Science Grants.
