

culturally appropriate/competent services.

- Provide a list of staff members who will conduct the project, showing the role of each and their level of effort and qualifications. Include the Project Director and other key personnel, such as evaluators and database management personnel.

- Describe the racial/ethnic characteristics of key staff and indicate if any are members of the target population/community. If the target population is multi-linguistic, indicate if the staffing pattern includes bilingual and bicultural individuals.

- If you plan to include an advisory body in your project, describe its membership, roles and functions, and frequency of meetings.

- Describe the resources available for the proposed project (e.g., facilities, equipment), and provide evidence that resources are adequate for conducting a high-quality evaluation of the identified practice.

- Check the NOFA for any additional requirements.

Note: Although the budget for the proposed project is not a review criterion, the review group will be asked to comment on the appropriateness of the budget after the merits of the application have been considered.

B. Review and Selection Process

SAMHSA applications are peer-reviewed according to the review criteria listed above. For those programs where the individual award is over \$100,000, applications must also be reviewed by the appropriate National Advisory Council.

C. Award Criteria

Decisions to fund a grant are based on:

- The strengths and weaknesses of the application as identified by the peer review committee and approved by the appropriate National Advisory Council; and
- Availability of funds.

VI. Award Administration Information

A. Award Notices

After your application has been reviewed, you will receive a letter from SAMHSA through postal mail that describes the general results of the review, including the score that your application received.

If you are approved for funding, you will receive an additional notice, the Notice of Grant Award, signed by SAMHSA's Grants Management Officer. The Notice of Grant Award is the sole obligating document that allows the grantee to receive Federal funding for

work on the grant project. It is sent by postal mail and is addressed to the contact person listed on the face page of the application.

If you are not funded, you can re-apply if there is another receipt date for the program.

B. Administrative and National Policy Requirements

- You must comply with terms and conditions of the grant award. Standard SAMHSA terms and conditions are available on SAMHSA's Web site (www.samhsa.gov).

- Depending on the nature of the specific funding opportunity and/or the proposed project as identified during review, additional terms and conditions may be identified in the NOFA or negotiated with the grantee prior to grant award. These may include, for example:

- Actions required to be in compliance with human subjects requirements;
- Requirements relating to additional data collection and reporting;
- Requirements relating to participation in a cross-site evaluation; or

- Requirements to address problems identified in review of the application.

- You will be held accountable for the information provided in the application relating to performance targets. SAMHSA program officials will consider your progress in meeting goals and objectives, as well as your failures and strategies for overcoming them, when making an annual recommendation to continue the grant and the amount of any continuation award. Failure to meet stated goals and objectives may result in suspension or termination of the grant award, or in reduction or withholding of continuation awards.

- In an effort to improve access to funding opportunities for applicants, SAMHSA is participating in the U.S. Department of Health and Human Services "Survey on Ensuring Equal Opportunity for Applicants." This survey is included in the application kit for SAMHSA grants. Applicants are encouraged to complete the survey and return it, using the instructions provided on the survey form.

C. Reporting Requirements

1. Progress and Financial Reports

- Grantees must provide annual and final progress reports. The final progress report must summarize information from the annual reports, describe the accomplishments of the project, and describe next steps for implementing

plans developed during the grant period.

- Grantees must provide annual and final financial status reports. These reports may be included as separate sections of annual and final progress reports or can be separate documents. Because SAMHSA is extremely interested in ensuring that treatment or prevention service efforts are sustained, your financial reports should explain plans to ensure the sustainability (*see* Glossary) of efforts initiated under this grant. Initial plans for sustainability should be described in year 1 of the grant. In each subsequent year, you should describe the status of the project, successes achieved and obstacles encountered in that year.

- SAMHSA will provide guidelines and requirements for these reports to grantees at the time of award and at the initial grantee orientation meeting after award. SAMHSA staff will use the information contained in the reports to determine the grantee's progress toward meeting its goals.

2. Government Performance and Results Act (GPRA)

The Government Performance and Results Act (GPRA) mandates accountability and performance-based management by Federal agencies. To meet the GPRA requirements, SAMHSA must collect performance data (*i.e.*, "GPRA data") from grantees. These requirements will be specified in the NOFA for each funding opportunity.

3. Publications

If you are funded under this grant program, you are required to notify the Government Project Officer (GPO) and SAMHSA's Publications Clearance Officer (301-443-8596) of any materials based on the SAMHSA-funded project that are accepted for publication.

In addition, SAMHSA requests that grantees:

- Provide the GPO and SAMHSA Publications Clearance Officer with advance copies of publications.
- Include acknowledgment of the SAMHSA grant program as the source of funding for the project.
- Include a disclaimer stating that the views and opinions contained in the publication do not necessarily reflect those of SAMHSA or the U.S. Department of Health and Human Services, and should not be construed as such.

SAMHSA reserves the right to issue a press release about any publication deemed by SAMHSA to contain information of program or policy significance to the substance abuse
