

* * * * *

■ 3. On page 11226, in section IV., under D. Recreational Fishery, in column 2, paragraph (1)(a) is renumbered as paragraph (1)(a)(i), a new paragraph (1)(a) and paragraph (1)(a)(ii) are added, and paragraph (1)(b) is revised to read as follows:

* * * * *

(1) *Washington*. For each person engaged in recreational fishing seaward of Washington, the groundfish bag limit is 15 groundfish, including rockfish and lingcod, and is open year-round (except as specified below). The following sublimits and closed areas apply:

(a) *Closed Areas*.—

(i) *Yelloweye Rockfish Conservation Area*. The Yelloweye Rockfish Conservation Area, or YRCA, is a “C-shaped” area which is closed to recreational groundfish and halibut fishing. The YRCA is defined by latitude and longitude coordinates specified at 50 CFR 660.304(d).

(ii) *Federal waters (3–200 nautical miles)*. Recreational groundfish fishing is prohibited in Federal waters, from 3 to 200 nautical miles offshore from November 21, 2003, through December 31, 2003.

(b) *Rockfish*. In areas seaward of Washington that are open to recreational groundfish fishing, there is a 10 rockfish per day bag limit. Taking and retaining yelloweye rockfish and canary rockfish is prohibited.

* * * * *

■ 4. On page 11226, in section IV., under D. Recreational Fishery, in column 2, paragraph (2) is revised to read as follows:

* * * * *

(2) *Oregon*. The bag limits for each person engaged in recreational fishing seaward of Oregon is 10 marine fish per day, which excludes salmon, tuna, surfperch, sanddab, lingcod, and baitfish, but which includes rockfish and other groundfish. The minimum size limit for cabezon retained in the recreational fishery is 15 in (38 cm). Within the 10 marine fish bag limit, no more than 1 may be yelloweye rockfish and taking and retaining canary rockfish and lingcod is prohibited. From November 21, 2003, through December 31, 2003, recreational groundfish fishing is prohibited seaward of specific latitude and longitude coordinates approximating the 27-fm (49-m) depth contour off Oregon. Coordinates for specific latitude and longitude coordinates approximating the 27-fm (49-m) depth contour are listed in section IV.A.(19)(e)(i). When the all-depth recreational fisheries for Pacific halibut (*Hippoglossus stenolopis*) are

open, the first Pacific halibut taken of 32 in (81 cm) or greater in length may be retained. During the all-depth recreational fisheries for Pacific halibut, vessels with halibut on board may not take and retain, possess or land yelloweye rockfish or canary rockfish.

* * * * *

■ 5. On pages 11226 and 11227, in section IV., under D. Recreational Fishery, paragraphs (3)(a), (3)(a)(i), (3)(a)(ii), (3)(b)(ii) through (iv) are revised to read as follows:

* * * * *

(3) *California*. Seaward of California (north and south of 40°10' N. lat.), California law provides that, in times and areas when the recreational fishery is open, there is a 20-fish bag limit for all species of finfish, within which no more than 10 fish of any one species may be taken or possessed by any one person. Retention of cowcod is prohibited in California's recreational fishery all year in all areas. Retention of all federally managed groundfish species, except sanddabs, is prohibited in the recreational fishery seaward of California November 21, 2003, through December 31, 2003.

(a) *North of 40°10' N. lat.* In times and areas when the recreational fishery is open and for each person engaged in recreational fishing seaward of California north of 40°10' N. lat., the following seasons, bag limits, and size limits apply:

(i) *RCG Complex*. The California rockfish, cabezon, greenling complex (RCG Complex), as defined in State regulations (Section 1.91, Title 14, California Code of Regulations), includes all rockfish, kelp greenling, rock greenling, and cabezon. This category does not include California scorpionfish, also known as “sculpin.” Recreational fishing for the RCG Complex is prohibited.

(ii) *Lingcod*. Recreational fishing for lingcod is prohibited.

* * * * *

(b) *South of 40°10' N. lat.* In times and areas when the recreational fishery is open and for each person engaged in recreational fishing seaward of California south of 40°10' N. lat., the following seasons, bag limits, size limits and closed areas apply:

(i) *RCG Complex*. The California rockfish, cabezon, greenling complex (RCG Complex), as defined in State regulations (Section 1.91, Title 14, California Code of Regulations), includes all rockfish, kelp greenling, rock greenling, and cabezon. This category does not include California scorpionfish, also known as “sculpin.”

Recreational fishing for the RCG Complex is prohibited.

(iii) *California scorpionfish*. California scorpionfish only occur south of 40°10' N. lat. Recreational fishing for the California scorpionfish is prohibited.

(iv) *Lingcod*. Recreational fishing for lingcod is prohibited.

* * * * *

Additionally, there is a correction to the western trawl RCA boundary with specific latitude and longitude coordinates approximating the 200-fm (366-m) depth contour (modified to allow fishing for petrale sole) that was announced in an inseason action on October 24, 2003 (68 FR 60865).

1. On pages 60867–60870, in section IV., under A. General Definitions, paragraph (19)(e)(xviii) is revised to read as follows:

(xviii) * * *

* * * * *

(72) 46°15.99' N. lat., 124°24.88' W. long.;

(73) 46°14.22' N. lat., 124°26.28' W. long.;
