

share of compensation due an insurer for insured losses under the Act has not been determined at the time an Initial Certification of Loss has been filed, the insurer shall file monthly, or on a schedule otherwise determined by Treasury, Supplementary Certifications of Loss updating the amount of the Federal share of compensation owed for the insurer's insured losses.

Supplementary Certifications of Loss will include the following:

(1) A bordereau described in

§ 50.53(b)(1); and

(2) A certification as described in § 50.53(b)(2).

(d) *Supplementary information.* In addition to the information required in paragraphs (b) and (c) of this section, Treasury may require such additional supporting documentation as required to ascertain the Federal share of compensation for the insured losses of any insurer.

(e) *Bordereau defined.* For purposes of this section, a "bordereau" is a report of basic information about an insurer's underlying claims that, in the aggregate, constitute the insured losses of the insurer.

§ 50.54 Payment of Federal share of compensation.

(a) *Timing.* Treasury will promptly pay to an insurer the Federal share of compensation due the insurer for its insured losses. Payment shall be made in such installments and on such conditions as determined by the Treasury to be appropriate. Any overpayments by Treasury of the Federal share of compensation will be offset from future payments to the insurer or returned to Treasury within 45 days.

(b) *Payee.* Payment of the Federal share of compensation for insured losses will be made to the insurer filing the Initial Notice of Loss required by § 50.52. In the case of an affiliated group of insurers, payment of the Federal share of compensation for the insured losses of the affiliated group will be made to the single insurance entity designated in the Initial Notice of Loss to receive payment on behalf of the affiliated group. It shall be the responsibility of the single insurance entity to distribute payments of the Federal share of compensation as appropriate to affiliated insurers in the group.

(c) *Assignment of payments.* To facilitate a single point of contact for payment of the Federal share of compensation to an affiliated group, an insurer within an affiliated group shall assign its rights to be paid amounts due or to become due from Treasury to the

single insurance entity designated to receive payment on behalf of the affiliated group. The failure to make such an assignment may be grounds for Treasury to withhold, in whole or in part, payment of the Federal share of compensation due an insurer.
