H. Grants.gov Implementation Plans

Grants.gov is an Internet Web site for grant and other financial assistance information (e.g., allows grant seekers to find funding opportunities). It also will serve to facilitate electronic transmission of information pertaining to grants and other financial assistance information (e.g., electronic application submission).

Beginning in February 2004, CSREES plans to initiate, on a limited basis, the receipt of applications electronically through the Grants.gov (<http://www.grants.gov>) storefront. The ability to expand the plan for electronically submitting applications is contingent on the success of the initial electronic application submissions. Detailed information about CSREES' Grants.gov plans, including important announcements, program implementation, and detailed requirements, is posted on the CSREES' Web site, <http://www.reeusda.gov/egov/csrees/implementation.htm>, which will be updated as appropriate. It is suggested that this site be visited periodically for important updates.

I. DUNS Number

A Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of over 70 million businesses worldwide. A **Federal Register** notice of final policy issuance (68 FR 38402) requires a DUNS number in every application (i.e., hard copy and electronic) for a grant or cooperative agreement (except applications from individuals) submitted on or after October 1, 2003. Therefore, potential applicants should verify that they have a DUNS number or take the steps needed to obtain one. For information about how to obtain a DUNS number go to <http://www.grants.gov>. Please note that the registration may take up to 14 business days to complete.

J. Required Registration for Grants.gov

The Central Contract Registry (CCR) is a database that serves as the primary Government repository for contractor information required for the conduct of business with the Government. This database will also be used as a central location for maintaining organizational information for organizations seeking and receiving grants from the Government. Such organizations must register in the CCR prior to the

submission of applications via Grants.gov (a DUNS number is needed for CCR registration). For information about how to register in the CCR visit <http://www.grants.gov>. Allow a minimum of 5 days to complete the CCR registration.

Done at Washington, DC, this 21st day of November, 2003.
