Title: Implementation of the Pay Telephone Reclassification and Compensation Provisions of the Telecommunication Act of 1996, CC Docket No. 96-128, Report and Order and Second Order on Reconsideration.

Form No.: N/A.

Estimated Annual Burden: 3,048 responses; 609,600 total annual hours; 200 hours per respondent.

Needs and Uses: The Commission has issued a Report and Order (CC Docket 96-128/ FCC 03-235). In this proceeding, final rules are adopted that alter current payphone compensation rules. The new rules place the liability to compensate payphone service providers (PSPs) for payphone-originated calls on the facilities-based long distance carriers from whose switches such calls are completed. The new rules will not take effect immediately. Accordingly, the Order adopts, on an interim basis, the rules initially adopted in the *Second Order on Reconsideration* until the new rules become effective. The interim rules have received OMB approval as of 11/14/

2003 and are now effective, but the final rules have not yet received OMB approval. The Commission will publish another **Federal Register** notice when it seeks OMB approval of the final rules.

OMB Control No.: 3060-0710.

OMB Approval date: 10/21/2003.

Incumbent local exchange carriers (LECs) are required to offer interconnection, unbundled network elements, transport and termination, and wholesale rates for certain services to new entrants. Incumbent LECs must price such services at rates that are cost-based and just and reasonable and provide access to right-of-way as well as establish reciprocal compensation arrangements for the transport and termination of telecommunications traffic.
