Appendix B to Part 535—Monitoring Report and Instructions

Instructions

All agreements between or among ocean common carriers identified in 46 CFR 535.702(a) must submit completed Monitoring Reports to the full extent required in sections I through III of this Report. Sections I and II must be completed, as applicable, in accordance with the authority contained in each agreement. Section III must be completed by all agreements subject to Monitoring Report requirements. Where an agreement containing multiple authorities is

subject to duplicate reporting requirements in the various sections of this Report, the parties may provide only one response so long as the reporting requirements within each section are fully addressed. The Monitoring Report specifies the data and information which must be reported for each section and the format in which it must be provided. If a party to an agreement is unable to supply a complete response to any item of this Report, that party shall provide either estimated data (with an explanation of why precise data are not available) or a detailed statement of reasons for noncompliance and the efforts made to obtain the required

information. For purposes of this Report, if one of the agreement signatories is a joint service operating under an effective agreement, that signatory shall respond to the Report as a single agreement party. For clarification of the agreement terminology used in this Report, the parties may refer to the definitions provided in 46 CFR 535.104. In addition, the following definitions shall apply for purposes of this Report: liner movement means the carriage of liner cargo by liner operators; liner cargo means cargo carried on liner vessels in a liner service; liner operator means a vessel-operating common carrier engaged in liner service;
