SUPPLEMENTARY INFORMATION: OHV enthusiasts have recreated in the Timber Mountain/John's Peak area for 40 to 50 years. The 1995 Medford District Resource Management Plan (RMP) designated public lands in the Timber Mountain/John's Peak area as an OHV use area. The area is comprised of a checkerboard of BLM administered lands mixed with private lands (including lands owned by the City of Jacksonville, Motorcycle Riders Association, and Boise Corporation), increasing the complexity of managing trails and public access in the area. Off-highway vehicle use has increased tremendously in recent years, leading to the proliferation of new unauthorized trails on both public and private lands. Many existing trails are in good condition, while other trails are experiencing erosion that is leading to resource degradation. Due to the close proximity to the City of Jacksonville and adjacent wildland urban interface areas, and the checkerboard pattern of land ownership, there is also a high level of unauthorized access across private lands and vandalism (e.g. illegal dumping, sign shooting, etc). The Timber Mountain/John's Peak OHV Management Plan is needed to provide

for OHV use in accordance with the Medford District RMP.

Preliminary public scoping for the Timber Mountain/John's Peak Management Plan began in 1998; however, due to limited funding, work on this project was temporarily deferred. The following issues were identified to be associated with OHV use in the Timber Mountain/John's Peak OHV area: Effects to water quality and riparian conditions; effects on sensitive soils; effects to Threatened or Endangered plants, fish, and wildlife; and impacts to private land owners associated with the incidence of trespass on private lands. Through additional public scoping and specialist review, this list of issues will be refined. Issues determined to be significant to the planning process will be used to develop a range of alternatives for managing OHV use in the Timber Mountain/John's Peak OHV area.

The National Environmental Policy Act encourages the use of cooperative relationships with Federal, State, and local agencies to capture opportunities where the decision-making authorities or special expertise of other agencies can enhance the planning process. The Medford District BLM, as the Lead Agency for this EIS, has identified opportunities to work cooperatively with Jackson County, the City of Jacksonville, the State of Oregon Parks and Recreation Department, Boise Cascade, and the Motorcycle Riders Association. The Medford District BLM will seek cooperative relationships with these local agencies and affected landowners to enhance this planning effort.

As public scoping progresses, other opportunities for cooperative relationships may become apparent.

Dated: November 15, 2002.

Field Manager, Ashland Resource Area.

[NV-930-1430-ES; N-76527]

Notice of Realty Action: Recreation and Public Purposes (R&PP) Act Classification; Conveyance of Public Lands Near Beatty, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Classification of public land for conveyance pursuant to the Recreation and Public Purposes Act.

SUMMARY: The following described public land in Nye County, Nevada has been examined and found suitable for conveyance under provisions of the Recreation and Public Purposes Act of June 14, 1926, as amended (43 U.S.C. 869 *et seq.*), for the purposes of operating a municipal solid waste transfer station. These lands are hereby classified as suitable for conveyance in accordance with section 7 of the Taylor Grazing Act, 43 U.S.C. 315f, and Executive Order No. 6910:

Mount Diablo Meridian, Nevada

T. 12 S., R. 46 E.,

sec 13, S $\frac{1}{2}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$.

Containing 5 acres more or less.

The solid waste transfer station will occupy a total of ten acres, five of which were previously classified under a notice for the existing Beatty Landfill (N-35639).

The lands are not needed for Federal purposes. Conveyance is consistent with BLM land use planning and would be in the public interest. Patent will be issued to Nye County and will be subject to the provisions of the Recreation and Public Purposes Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, pursuant to the Act of August 30, 1890 (43 U.S.C. 945);

2. All minerals shall be reserved to the United States, together with the right to prospect for, mine, and remove such deposits from the same under applicable law and regulations to be established by the Secretary of the Interior.

Patent will contain the following provisions:

1. Nye County a political subdivision of the State of Nevada, assumes all liability for and shall defend, indemnify, and save harmless the United States and its officers, agents, representatives, and employees (hereinafter referred to in this clause as the United States), from all claims, loss, damage, actions, causes of actions, expense, and liability (hereinafter referred to in this clause as claims), resulting from, brought for, or on account of, any personal injury, threat of personal injury, or property damage received or sustained by any person or persons (including the patentees employees) or property growing out of, occurring, or attributable directly or indirectly, to the disposal of solid waste
