

another, as follows: *Loligo* and butterfish moratorium permit, or *Illex* moratorium permit, and vessels issued a mackerel or squid/butterfish incidental catch permit that intend to transfer *Loligo*, *Illex*, or butterfish; vessels issued a NE multispecies or scallop permit that intend to transfer species other than regulated species; and NE multispecies vessels intending to transfer up to 500 lb (227 kg) of combined small-mesh NE multispecies per trip for use as bait.

Owners of charter/party vessels intending to fish in the Nantucket Lightship Closure Area must request an LOA from the Regional Administrator, with an estimated time of 5 minutes per request. Vessels fishing under Charter/Party regulations in Gulf of Maine (GOM) closed areas must obtain a Charter/Party Exemption Certificate for GOM Closed Areas, at an estimated 2 minutes per request.

Limited access sea scallop vessels wishing to participate in either the state waters DAS exemption program or the state waters gear exemption program must notify the Regional Administrator by VMS or call-in notification. Participants in the sea scallop state waters exemption programs using VMS notification must notify the Regional Administrator prior to the first trip in the exemption program and prior to the first planned trip in the EEZ, at an estimated 2 minutes per response. Participants in these exemption programs using the call-in system must notify the Regional Administrator at least 7 days prior to fishing under the exemption, at an estimated 2 minutes per call. If participants using the call-in system wish to withdraw from either state waters exemption program prior to the end of the 7-day designated exemption period requirement, they must also call the Regional Administrator to notify of early withdrawal, at an estimated 2 minutes per call.

Surfclam and ocean quahog vessel owners or operators are required to call the NMFS Office of Law Enforcement (OLE) nearest to the point of offloading prior to the departure of the vessel from the dock. It requires approximately 2 minutes for a vessel owner or operator to notify OLE of the vessel's departure from the dock to fish for surf clams or ocean quahogs in the EEZ.

In the American lobster fishery, initial lobster area designations are estimated to take 5 minutes, requests for additional tags is estimated to take 2 minutes, and notification of lost tags is estimated to take 3 minutes.

In the NE multispecies fishery, a request for change in permit category designation requires approximately 2

minutes, and a request for transit to another port by a vessel required to remain in the GOM cod trip limit takes 2 minutes.

In the gillnet fisheries for NE multispecies and monkfish, the burden estimate for calling out of the fishery is 3 minutes. Gillnet category designation, including initial requests for gillnet tags, requires approximately 10 minutes. Requests for additional tags require an estimated 2 minutes. Notification of lost tags and requests for replacement tag numbers also require an estimated 2 minutes. It will take approximately 1 minute to attach each gillnet tag.

Requests for state quota transfers in the bluefish and summer flounder fisheries are estimated to require 1 hour.

*Estimated Total Annual Burden Hours:* 20,212.

*Estimated Total Annual Cost to Public:* \$1,348,473.

#### IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: November 19, 2003.

#### DEPARTMENT OF COMMERCE

##### National Oceanic and Atmospheric Administration

[I.D. 112603B]

##### Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits (EFPs)

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Department of Commerce.

**ACTION:** Notification of a proposal for EFPs to conduct experimental fishing; request for comments.

**SUMMARY:** The Assistant Regional Administrator for Sustainable Fisheries, Northeast Region, NMFS (Assistant Regional Administrator) has made a preliminary determination that the subject EFP application contains all the required information and warrants further consideration. The Assistant Regional Administrator has also made a preliminary determination that the activities authorized under the EFP would be consistent with the goals and objectives of the Northeast (NE) Multispecies Fishery Management Plan (FMP). However, further review and consultation may be necessary before a final determination is made to issue the EFP. Therefore, NMFS announces that the Assistant Regional Administrator proposes to recommend that an EFP be issued that would allow up to 60 commercial fishing vessels to conduct fishing operations that are otherwise restricted by the regulations governing the fisheries of the Northeastern United States. The EFP would allow for exemptions from the FMP as follows: The Georges Bank (GB) seasonal closure area; the Days-at-Sea (DAS) notification requirements; the effort-control program (DAS); and minimum fish size restrictions for the temporary retention of undersized fish for data collection purposes.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed EFPs.

**DATES:** Comments on this document must be received on or before December 19, 2003.

**ADDRESSES:** Written comments should be sent to Patricia A. Kurkul, Regional Administrator, NMFS, Northeast Regional Office, 1 Blackburn Drive, Gloucester, MA 01930. Mark the outside of the envelope "Comments on Cod Tagging Study." Comments may also be sent via facsimile (fax) to (978) 281-9135.

**FOR FURTHER INFORMATION CONTACT:** Brian Hooker, Fishery Management Specialist, phone (978) 281-9220.

**SUPPLEMENTARY INFORMATION:** The Cape Cod Commercial Hook Fishermen's Association submitted an application for an EFP to NMFS on November 13, 2003. The application was complete as received. The experimental fishing application requests authorization to
