

duties any entries for which the assessment rate is *de minimis*. The Department will issue appropriate assessment instructions directly to CBP within 15 days of publication of these final results of review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of this antidumping duty administrative review for all shipments of persulfates from the PRC entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) for Ai Jian, the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not listed above that have separate rates, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) the cash deposit rate for all other PRC exporters will be 119.02 percent, the PRC-wide rate established in the less than fair value investigation; and (4) the cash deposit rate for non-PRC exporters of subject merchandise from the PRC will be the rate applicable to the PRC supplier of that exporter.

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination and notice in accordance with sections section 751(a)(1) and 777(i) of the Act.

Dated: November 28, 2003.

James Jochum,

Assistant Secretary for Import Administration.

Persulfates from the People's Republic of China: Notice of Final Results of Changed Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: December 5, 2003.

FOR FURTHER INFORMATION CONTACT: Mike Strollo or Patrick Connolly at (202) 482-0629 or (202) 482-1779, respectively, Office of AD/CVD Enforcement, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUMMARY: On October 10, 2003, the Department published a notice of preliminary results of changed circumstances review and preliminarily found that the factors of production of Degussa-AJ (Shanghai) Initiators Co., Ltd. (Degussa-AJ) had not changed substantially since Degussa AG's investment in Shanghai Ai Jian Reagent Works (AJ Works). Therefore, the Department determined at the preliminary results that it will consider in any relevant future revocation inquiry any administrative reviews in which Shanghai Ai Jian Import and Export Corporation (Ai Jian) procured its products exported to the United States from AJ Works. On October 14, 2003, the petitioner, FMC Corporation (FMC), submitted a case brief. After considering these comments, we continue to find that Degussa-AJ's

factors of production have not changed substantially since Degussa AG's investment in AJ Works. As a result, the Department will consider in any future revocation inquiry any administrative reviews in which Ai Jian procured its products exported to the United States from AJ Works.
