

F. Small Business Regulatory Enforcement Fairness Act of 1996

This publication is not a major rule as defined by the Small Business Regulatory Enforcement Fairness Act of 1996, 5 U.S.C. 804. We determined in the final notice of capacity that it would not have an annual effect on the economy of \$100,000,000 or more; would not cause a major increase in costs or prices; and would not result in a significant adverse effect on competition, employment, investment or productivity, and innovation, or on the ability of the United States-based companies to compete with foreign-based companies in domestic and export markets. This publication only provides further explanation and guidance with regard to two matters contained in the final notice of capacity and would neither alter the analysis contained in the final notice, nor would result in any increase in expenditures. Some reductions in expenditures by small businesses are possible in certain cases.
