

publication, or the first business day thereafter, unless the Department alters the date per 19 CFR 351.310(d). The Department will issue the final results of these preliminary results, including the results of our analysis of the issues raised in any such written comments or at a hearing, within 120 days of publication of these preliminary results.

Assessment Rates

Upon completion of this administrative review, the Department will determine, and Customs shall assess, antidumping duties on all appropriate entries. As a result of the Court of International Trade's decision in *Corus Staal BV et al v. United States*, Consol. Court No. 02-00003, Slip Op. 03-127 (CIT September 29, 2003), we will not assess duties on merchandise that entered between October 30, 2001 and November 28, 2001, inclusive. For more information, see *Certain Hot-Rolled Carbon Steel Flat Products From The Netherlands: Notice of Final Court Decision and Suspension of Liquidation*, 68 FR 60912 (October 24, 2003). Thus, in accordance with 19 CFR 351.212(b)(1), we will calculate an importer-specific *ad valorem* assessment rate for merchandise based on the ratio of the total amount of antidumping duties calculated for the examined sales made during the POR to the total customs value of the sales used to calculate those duties less the total customs value of the sales of merchandise that entered between October 30, 2001, and November 28, 2001, inclusive. This rate will be assessed uniformly on all entries of that particular importer made during the periods May 3, 2001, through October 29, 2001, and November 29, 2001, through October 31, 2002. The Department will issue appropriate assessment instructions directly to Customs within 15 days of publication of the final results of review.

Furthermore, the following deposit requirements will be effective upon completion of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Tariff Act: (1) The cash deposit rate for the reviewed company will be the rate established in the final results of the administrative review (except that no deposit will be required if the rate is zero or *de minimis*, i.e., less than 0.5 percent); (2) if the exporter is not a firm covered in this review, or the original investigation, but the manufacturer is, the cash

deposit rate will be that established for the most recent period for the manufacturer of the merchandise; and (3) if neither the exporter nor the manufacturer is a firm covered in this review, any previous reviews, or the LTFV investigation, the cash deposit rate will be 2.59 percent, the "all others" rate established in the LTFV investigation. See *Antidumping Duty Order: Certain Hot-Rolled Carbon Steel Flat Products from the Netherlands*, 67 FR 59565 (November 29, 2001).

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act.

Dated: December 1, 2003.

James J. Jochum,

Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Final Determination

We determine that prestressed concrete steel wire strand (PC strand) from Thailand is being sold, or is likely to be sold, in the United States at less than fair value (LTFV), as provided in section 735 of the Tariff Act of 1930, as amended (the Act). The estimated margins of sales at LTFV are shown in the *Suspension of Liquidation* section of this notice. In addition, we determine that critical circumstances do not exist with respect to PC strand produced and exported by the respondent in this investigation as well as all other producers/exporters.

Case History

The preliminary determination in this investigation was published on July 17, 2003. See *Notice of Preliminary Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Negative Preliminary Determination of Critical Circumstances: Prestressed Concrete Steel Wire Strand from Thailand*, 68 FR 42373 (July 17, 2003) (Preliminary Determination). On several occasions, the Department discussed the proposed suspension agreement with counsel to SIW, who subsequently concluded that a suspension agreement would not be pursued. See *Memorandum from Gary Taverman, Director, Office 5, to the File, Re: PC Strand from Thailand - Proposed Suspension Agreement* (November 24, 2003).

In September 2003, the Department verified the questionnaire responses submitted by SIW. The sales and cost verification reports were issued in October 2003. On October 23, 2003, we received case briefs from the petitioners¹ and SIW. On October 28, 2003, we received a rebuttal brief from SIW. A public hearing was held on November 3, 2003.
