

will also build Web Services from the STORET Warehouse to support queries of STORET data for stakeholder use.

Suggested Activities for Exchange Network Partners in FY 2005 and Beyond

- Work with EPA's Office of Water to develop the STORET XML schema in a phased, modular approach.
- If wishing to participate in STORET through CDX, adopt all applicable data standards (*i.e.*, standardized XML tags, chemical nomenclature, taxonomic nomenclature, date formatting, latitude and longitude location and associated method standards).
- Actively participate in the various working groups which are developing these standards.
- Become familiar with the requirements of STORET with regard to the documentation of the monitoring process as well as the documentation of environmental results.
- Begin mapping State data to the STORET v2.0 schema(s) in March 2005.
- Develop applications that use STORET Web Services for stakeholder analyses.
- Begin linking station locations consistent with the National Hydrography Dataset and the Geospatial One-Stop Hydrography Standard.

ENVIRONMENTAL PROTECTION AGENCY

[OEI-2003-0036; FRL-7595-8]

Amendment to System of Records Notice

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: In accordance with the Privacy Act of 1974, as amended, the Environmental Protection Agency (EPA) publishes this amendment to EPA's notice of a system of records entitled "Central Data Exchange-Customer Registration Subsystem (CDX-CRS)", published on March 18, 2002 (67 FR 12010-12013). The original System of Records Notice has been amended to: update the "Location" section to reflect the recent relocation of the CDX-CRS to

a new facility; clarify the "Categories of Records in the System" section to describe information collected to support electronic signature functionality on some EPA forms; provide the public with a new System of Record number that will be associated with this system for the remainder of its operational life; provide a new EPA point of contact; and clarify the "purpose" section to ensure the public recognizes that the use of the CDX-CRS is optional and only necessary for those individuals who want to file information electronically with EPA. As described in the original notice, this system will contain information on individuals who have registered and established accounts to access CDX, EPA's electronic compliance filing and environmental data exchange system. Individuals with CDX accounts may engage in electronic filing of environmental documents as permitted under the Government Paperwork Elimination Act (GPEA), and as required under appropriate environmental statutes. Information maintained by the CDX-CRS includes the individual's name and related identifiers, work contact information, supervisor's name and contact information, and information about the EPA program under which the individual plans to report electronically. The information will be used to protect and manage access to the individual's account on CDX.

DATES: This system of records will continue operations.

ADDRESSES: Questions regarding this notice should be referred to the Environmental Protection Agency, Office of Environmental Information, Collection Services Division, MS-2823T, 1200 Pennsylvania Avenue, Washington, DC 20460.
