

## Tier II Maintenance Standards

RULE 22. (a) The Exchange reserves the right to delist the securities of any corporation, subject to Securities and Exchange Commission Rules, which engages in practices not in the public interest or whose assets have been depleted to the extent that the company can no longer operate as a going concern or whose securities have become so closely held that it is no longer feasible to maintain a reasonable market in the issue. Furthermore, the Exchange reserves the right to delist the securities of any corporation which has drastically changed its corporate structure and/or its type of operation. The Exchange may also make an appraisal of, and determine on an individual basis, the suitability for continued listing of an issue in the light of all pertinent facts whenever it deems such action appropriate, even though a security meets enumerated criteria (including, but not limited to, continued listing on the NYSE, Amex or Nasdaq National Market). Many factors may be considered in this connection, including, but not limited to, abnormally low selling price or volume of trading, or failure to comply with required corporate governance standards.

(b)–(d) No change to text.

## . . . Interpretations and Policies

If the Exchange identifies a Tier II issue as being below the Exchange's maintenance listing requirements, the Exchange will notify the issuer by letter of its determination and the reasons for that determination. In this letter, the Exchange will provide the issuer with an opportunity to provide the Exchange with a plan (the "Plan") to cure the deficiency. Within 10 business days of the receipt of the Exchange's letter, the issuer must contact the Exchange to confirm its receipt of the letter and to report to the Exchange whether or not the issuer intends to present a Plan. If the issuer notifies the Exchange that it does not intend to present a Plan, the Exchange will commence proceedings to suspend and/or delist the issue.

The issuer must present any Plan within 45 days after its receipt of the Exchange's letter. The Plan must describe definitive action that the issuer has taken, or is taking, that would bring it into conformity with the Exchange's maintenance listing requirements within 18 months of receipt of the letter, or within any shorter time period required by the Exchange. (The Exchange will not approve any Plan, under which an issuer is curing a deficiency under SEC Rule 10A-3, which extends beyond the

earlier of 12 months or the first annual shareholders' meeting (for circumstances beyond the reasonable control of an issuer) and 6 months (for other circumstances)). The Plan also must set quarterly milestones against which the Exchange will evaluate its progress. Exchange staff will evaluate the Plan and determine whether the issuer has made a reasonable demonstration in the Plan of an ability to come into compliance with the Exchange's maintenance listing requirements. The Exchange will notify the issuer of its determination within 45 days after receipt of the Plan. If the Exchange does not accept the Plan, it will commence proceedings to suspend and/or delist the issue.

If the Exchange accepts the Plan, the Exchange will review the issuer on a quarterly basis to determine the issuer's progress under the Plan. If the issuer fails to meet a material provision of the Plan or one or more of its quarterly milestones, the Exchange will review the facts and circumstances and determine whether to initiate proceedings to suspend and/or delist the issue; provided however, that if an issuer fails to meet a material provision of the Plan that relates to compliance with its obligations under SEC Rule 10A-3, the Exchange will immediately commence proceedings to suspend and/or delist the issue. If, for circumstances that do not involve compliance with SEC Rule 10A-3, the Exchange determines that continued listing is warranted, the Exchange will continue to review the issuer's progress under the Plan on at least a quarterly basis. If the issuer achieves compliance with the Exchange's maintenance listing requirements before the Plan expires under its terms, the Exchange may choose to consider the Plan ended as of that earlier date.

If an issuer, within one year after the termination of a Plan, is again determined to have failed to meet the Exchange's maintenance listing requirements, the Exchange will review the facts and circumstances (including whether the issuer has fallen into non-compliance with the same standards at issue in its earlier Plan) and will take appropriate action, which could include, but is not limited to, shortening the time periods associated with the submission of any new Plan or immediately commencing proceedings to suspend and/or delist the issue.

These procedures do not prevent the Exchange from suspending trading in an issue immediately, whenever it finds

that it is necessary to do so for the protection of investors.

## III. Discussion

After careful review, the Commission finds that the provisions of the proposed rule change which are amended by Amendment No. 1 and are set forth in Section II. above, are consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.<sup>10</sup> Specifically, the Commission finds that the proposal to require independent audit committees for listed companies is consistent with Section 6(b)(5) of the Act,<sup>11</sup> which requires, among other things, that the CHX's rules be designed to prevent fraudulent and manipulative acts and practices, and, in general, to protect investors and the public interest. Moreover, the Commission believes that the Exchange's proposal to add the new requirements concerning audit committees is appropriate and consonant with Section 10A(m) of the Act and Rule 10A-3 thereunder relating to audit committee standards for listed issuers.

Furthermore, the Commission finds good cause, consistent with Section 19(b)(2) of the Act,<sup>12</sup> to approve Amendment No. 1 to the proposed rule change prior to the thirtieth day after the date of publication of notice of filing thereof in the **Federal Register**. Amendment No. 1 contains a provision that responds to a recommendation by the Commission that self-regulatory organizations take into account, in adopting their rules, the fact that most services are rendered to an investment company by employees of third parties, such as the investment adviser, rather than by employees of the investment company.<sup>13</sup> In Amendment No. 1, the Exchange also made several non-substantive changes to the rule text to reflect the fact that the Commission is approving portions of the proposed amendments. The Commission believes that it is appropriate to accelerate approval of this amendment because it conforms the rule text to similar provisions approved by the Commission

<sup>10</sup> In approving this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

<sup>11</sup> 15 U.S.C. 78f(b)(5).
