

notice. A list of the issues which parties have raised and to which we have responded, all of which are in the Decision Memorandum, is attached to this notice as an appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit, room B-099, of the main Department building. In addition, a complete version of the Decision Memorandum can be accessed directly via the Internet at <http://ia.ita.doc.gov>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we have made four changes to the margin calculation:

- First, we revised the U.S. indirect selling expense (ISE) ratio by removing raw material sales from the denominator and by deducting an amount attributable to expenses incurred in selling the raw materials from the numerator. We used this revised ratio to recalculate U.S. ISEs.
- Second, we recalculated Mexinox's interest expense ratio by: (1) disallowing its reported offset to short-term interest income and instead estimating short-term interest income based on the consolidated financial statements of ThyssenKrupp AG, its parent at the highest level of consolidation; (2) including an amount representing foreign exchange gains and losses incurred by ThyssenKrupp AG on financing activities; and (3) deducting an amount representing packing expenses from the denominator.
- Third, we recalculated Mexinox's general and administrative (G&A) expense ratio by including employees' statutory profit sharing in the numerator and by deducting packing expenses from the denominator.
- Fourth, we included in the denominator of the assessment rate the entered value of subject merchandise that entered during the previous period of review or during the instant review for consumption in the United States but was sold to unaffiliated parties outside the United States during the instant review.

These changes are discussed in the relevant sections of the Decision Memorandum.

Final Results of Review

We determine that the following weighted-average percentage margin exists for the period July 1, 2000 to June 30, 2001:

Manufacturer/ Exporter	Weighted Average Margin (percentage)
Mexinox	6.15

Assessment

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b), we have calculated importer-specific *ad valorem* duty assessment rates. Where the importer-specific assessment rate is above *de minimis*, we will instruct Customs to assess duties on all entries of subject merchandise by that importer. We will direct the Customs Service to assess the resulting percentage margins against the entered Customs values for the subject merchandise on each of that importer's entries under the relevant order during the review period (*see* 19 CFR 351.212(a)).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of administrative review, as provided by section 751(a)(1) of the Tariff Act: (1) the cash deposit rate for the reviewed company will be the rate listed above; (2) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (3) the cash deposit rate for all other manufacturers or exporters will continue to be the "all others" rate of 30.85 percent, which is the all others rate established in the LTFV investigation. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent

assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305, that continues to govern business proprietary

information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act.

Dated: February 3, 2003.

Faryar Shirzad,

Assistant Secretary for Import Administration.

Appendix Issues in Decision Memorandum

Adjustments to Normal Value

- Comment 1: Additional Circumstance of Sale Adjustment to Normal Value
- Comment 2: Home Market Indirect Selling Expenses
