

other charges among members. The Commission believes that the procedures established by the proposal are designed to provide a fair and impartial process for resolving trading crowd space disputes among CBOE members. According to the CBOE, the recent increase in trading volume and size of trading crowds for certain index options has created a lack of trading spots in certain trading pits.⁷ The proposal permits any CBOE member to request the CBOE's assistance in resolving an index option trading crowd space dispute.⁸ The proposal is designed to encourage mediated resolutions by requiring the parties to a trading crowd space dispute to cooperate with the Chairman of the FPC in his efforts to mediate before they may request a hearing. In addition, the Hearing Fee, which escalates under certain circumstances set forth in CBOE Rule 24.21(e), should further encourage parties to resolve trading crowd space disputes through mediation rather than through the hearing process.

If a dispute is not resolved through mediation, a CBOE member may request a hearing. The Commission believes that the proposal establishes procedures for selecting impartial Hearing Panels and that the written guidelines in CBOE Rule 24.21(j) should provide the Hearing Panels with guidance in rendering decisions. In addition, the Commission notes that any party may appeal the decision of a Hearing Panel under Chapter XIX of the CBOE's rules.

III. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁹ that the proposed rule change (SR-CBOE-2003-36) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁰

Margaret H. McFarland,
Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-48871; File No. SR-CHX-2003-38]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the Chicago Stock Exchange, Incorporated To Extend a Pilot Rule Interpretation Relating to Trading of Nasdaq/NM Securities in Subpenny Increments

December 3, 2003.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 1, 2003, the Chicago Stock Exchange, Incorporated ("CHX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(6)⁴ thereunder, which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend through June 30, 2004, the pilot rule interpretation relating to the trading of Nasdaq/NM securities in subpenny increments. The pilot is due to expire on December 1, 2003. The CHX does not propose to make any substantive or typographical changes to the pilot; the only change is an extension of the pilot's expiration date through June 30, 2004. The text of the proposal is available at the Commission and at the CHX.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for its proposal and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth

in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On April 6, 2001, the Commission approved, on a pilot basis through July 9, 2001, a pilot rule interpretation (CHX Article XXX, Rule 2, Interpretation and Policy .06 "Trading in Nasdaq/NM Securities in Subpenny Increments")⁵ that requires a CHX specialist (including a market maker who holds customer limit orders) to better the price of a customer limit order in his book which is priced at the national best bid or offer ("NBBO") by at least one penny if the specialist determines to trade with an incoming market or marketable limit order. The pilot has been extended several times and is now due to expire on December 1, 2003.⁶ The CHX now proposes to extend the pilot through June 30, 2004. The CHX proposes no other changes to the pilot, other than extending it through June 30, 2004.

2. Statutory Basis

The CHX believes the proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b).⁷ In particular, the CHX believes the proposal is consistent with Section 6(b)(5) of the Act⁸ in that it is designed to promote just and equitable principles of trade, to remove impediments to, and to perfect the mechanism of, a free and open market and a national market system, and, in general, to protect investors and the public interest.
