

Jochum, Assistant Secretary for Import Administration, dated December 5, 2003, which is hereby adopted by this notice. A list of the issues which parties have raised and to which we have responded are attached to this notice as an Appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in the *Decision Memorandum* which is on file in the Central Records Unit, Room B-099 of the main Department building. In addition, a complete version of the *Decision Memorandum* can be accessed directly on the Web at <http://ia.ita.doc.gov/>. The paper copy and electronic version of the *Decision Memorandum* are identical in content.

Sales Below Cost

We disregarded sales below cost for TKAST during the course of this review.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have made changes in the margin calculations for TKAST. *See Analysis for the Final Results of Review of Stainless Steel Sheet and Strip in Coils from Italy*, ("Final Analysis Memorandum"), dated December 5, 2003. The changes to the margin calculation include the following: (1) we recalculated inventory carrying costs for the U.S. market, *see* Comment 3 of the *Decision Memorandum*; (2) we removed bad debt from indirect U.S. selling expenses and reallocated it to direct U.S. selling expenses, *see* Comment 4 of the *Decision Memorandum*.

Final Results of Review

We determine that the following percentage margin exists for the period July 1, 2001, through June 30, 2002:

Producer/Manufacturer/ Exporter	Weighted-Average Margin
ThyssenKrupp Acciai Speciali Terni S.p.A.	1.62%

Assessment Rates

The Department will determine, and the U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated an importer-specific assessment rate for merchandise subject to this review. The Department will issue appropriate assessment instructions directly to the CBP within 15 days of publication of these final results of review. We will direct the CBP to assess the resulting assessment rates against the entered customs values for

the subject merchandise on each of the importer's entries during the review period. For duty assessment purposes, we will calculate importer-specific assessment rates by dividing the dumping margins calculated for each importer by the total entered value of sales for each importer during the POR.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of stainless steel sheet and strip in coils from Italy entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for TKAST will be the rate shown above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in these or any previous reviews conducted by the Department, the cash deposit rate will be the "all others" rate, which is 11.23 percent.

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

Notification of Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties or countervailing duties occurred and the subsequent assessment of double antidumping duties or countervailing duties.

This notice also serves as a reminder to parties subject to administrative protective orders ("APOs") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification

of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 771(i) (1) of the Act.

Dated: December 5, 2003.

James J. Jochum,

Assistant Secretary for Import Administration.

APPENDIX—ISSUES IN THE DECISION MEMORANDUM

1. Whether the Department should Allow TKAST's Constructed Export Price Offset Adjustment
2. Whether the Department Properly Calculated Home Market Credit Expenses
3. Whether the Department should Correct TKAST's Understatement of the Inventory Holding Period for U.S. Sales
4. Whether the Department should Account for TKAST's Loss on its Unpaid U.S. Sales
5. Whether the Department should Set Negative Margins to Zero in Calculating the Aggregate Margin
