Abstract: The FR Y-9C consists of standardized consolidated financial statements similar to the Federal Financial Institutions Examination Council (FFIEC) Consolidated Reports of Condition and Income (Call Reports) (FFIEC 031 & 041; OMB No. 7100-0036). The FR Y-9C is filed quarterly by top-tier BHCs that have total assets of \$150 million or more and by lower-tier BHCs that have total consolidated assets of \$1 billion or more. In addition, multibank holding companies with total consolidated assets of less than \$150 million with debt outstanding to the general public or engaged in certain nonbank activities must file the FR-Y9C.

The FR Y-9LP includes standardized financial statements filed quarterly on a parent company only basis from each BHC that files the FR Y-9C. In addition, for tiered BHCs, a separate FR Y-9LP must be filed for each lower tier BHC.

The FR Y-9SP is a parent company only financial statement filed semiannually by one-bank holding companies with total consolidated assets of less than \$150 million, and multibank holding companies with total consolidated assets of less than \$150 million that meet certain other criteria. This report, an abbreviated version of the more extensive FR Y-9LP, is designed to obtain basic balance sheet and income statement information for the parent company, information on intangible assets, and information on intercompany transactions.

The FR Y-9CS is a free form supplement that may be utilized to collect any additional information deemed to be critical and needed in an expedited manner. It is intended to
