

reporter, depending upon the number and variety of their financial services transactions and the ease of assembling the data. Thus, for each quarter it may range from 4 hours for a reporter that has a small number and variety of transactions and easily accessible data to 100 hours for a very large reporter that engages in a large number and variety of financial services transactions and has difficulty in locating and assembling the required data. This estimate includes time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Comments should be addressed to: Director, Bureau of Economic Analysis (BE-1), U.S. Department of Commerce, Washington, DC 20230; or faxed (202-395-7245) or e-mailed (pbugg@omb.eop.gov) to the Office of Management and Budget, O.I.R.A., (Attention PRA Desk Officer for BEA).

Regulatory Flexibility Act

The Chief Counsel for Regulation, Department of Commerce, has certified to the Chief Counsel for Advocacy, Small Business Administration, under provisions of the Regulatory Flexibility Act (5 U.S.C. 605(b)), that the proposed rule would not have a significant economic impact on a substantial number of small entities. A summary of the factual basis for this cert was published in the proposed rule and is not repeated here. No comments were received on the economic impact of the rule. As a result, no final regulation flexibility analysis was prepared.

List of Subjects in 15 CFR Part 801

Economic statistics, Foreign trade, International transactions, Penalties, Reporting and recordkeeping requirements.

Dated: November 24, 2003.

J. Steven Landefeld,
Director, Bureau of Economic Analysis.

■ For the reasons set forth in the preamble, BEA amends 15 CFR part 801, as follows:

PART 801—SURVEY OF INTERNATIONAL TRADE IN SERVICES BETWEEN U.S. AND FOREIGN PERSONS

■ 1. The authority citation for 15 CFR part 801 continues to read as follows:

Authority: 5 U.S.C. 301; 15 U.S.C. 4908; 22 U.S.C. 3101–3108; E.O. 11961, 3 CFR, 1977 Comp., p. 86 as amended by E.O. 12013, 3 CFR, 1977 Comp., p. 147, E.O. 12318, 3 CFR, 1981 Comp., p. 173, and E.O. 12518, 3 CFR, 1985 Comp., p. 348.

■ 2. Section 801.9 is amended by adding new paragraph (c)(4) to read as follows:

§ 801.9 Reports required.

* * * * *

(c) *Quarterly surveys.* * * *

(4) BE-85, Quarterly Survey of Financial Services Transactions Between U.S. Financial Services Providers and Unaffiliated Foreign Persons:

(i) A BE-85, Quarterly Survey of Financial Services Transactions Between U.S. Financial Services Providers and Unaffiliated Foreign Persons, will be conducted covering the first quarter of the 2004 calendar year and every quarter thereafter.

(A) *Who must report—(1) Mandatory reporting.* Reports are required from each U.S. person who is a financial services provider or intermediary, or whose consolidated U.S. enterprise includes a separately organized subsidiary or part that is a financial services provider or intermediary, and that had sales of covered services to unaffiliated foreign persons that exceeded \$20 million for the previous fiscal year or expects sales to exceed that amount during the current fiscal year, or had purchases of covered services from unaffiliated foreign persons that exceeded \$15 million for the previous fiscal year or expects purchases to exceed that amount during the current fiscal year. These thresholds should be applied to financial services transactions with unaffiliated foreign persons by all parts of the consolidated U.S. enterprise combined that are financial services providers or intermediaries. Because the thresholds are applied separately to sales and purchases, the mandatory reporting requirement may apply only to sales, only to purchases, or to both sales and purchases.

(i) The determination of whether a U.S. financial services provider or intermediary is subject to this mandatory reporting requirement may be based on the judgement of knowledgeable persons in a company who can identify reportable transactions on a recall basis, with a reasonable

degree of certainty, without conducting a detailed manual records search.

(ii) Reporters who file pursuant to this mandatory reporting requirement must provide data on total sales and/or purchases of each of the covered types of financial services transactions and must disaggregate the totals by country.

(2) *Voluntary reporting.* If a financial services provider or intermediary, or all of a firm's subsidiaries or parts combined that are financial services providers or intermediaries, had covered sales of \$20 million or less, or covered purchases of \$15 million or less during the previous fiscal year, and if covered sales or purchases are not expected to exceed these amounts in the current fiscal year, a person is requested to provide an estimate of the total for each type of service for the most recent quarter. Provision of this information is voluntary. The estimates may be based on the reasoned judgement of the reporting entity. Because these thresholds apply separately to sales and purchases, voluntary reporting may apply only to sales, only to purchases, or to both.

(B) *BE-85 definition of financial services provider.* The definition of financial services provider used for this survey is identical in coverage to Sector 52—Finance and Insurance—of the North American Industry Classification System, United States, 2002. For example, companies and/or subsidiaries and other separable parts of companies in the following industries are defined as financial services providers: Depository credit intermediation and related activities (including commercial banking, holding companies, savings institutions, check cashing, and debit card issuing); nondepository credit intermediation (including credit card issuing, sales financing, and consumer lending); securities, commodity contracts, and other financial investments and related activities (including security and commodity futures brokers, dealers, exchanges, traders, underwriters, investment bankers, and providers of securities custody services); insurance carriers and related activities (including agents, brokers, and services providers); investment advisors and managers and funds, trusts, and other financial vehicles (including mutual funds, pension funds, real estate investment trusts, investors, stock quotation services, etc.).

(C) *Covered types of services.* The BE-85 survey covers the following types of financial services transactions (purchases and/or sales) between U.S. financial services providers and unaffiliated foreign persons: Brokerage
