## Assessment Rates

The Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated an importer-specific assessment rate for merchandise subject to this review. The Department will issue appropriate assessment instructions directly to CBP within 15 days of publication of these final results of review. We will direct the CBP to assess the resulting assessment rates against the entered customs values for the subject merchandise on each of the importer's entries during the review period. For duty assessment purposes, we calculated importer-specific assessment rates by dividing the dumping margins calculated for each importer by the total entered value of sales for each importer during the POR.

## Cash Deposit Requirements

In accordance with section 751(a)(1) of the Act, the following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of certain SSBWPF from Taiwan entered, or withdrawn from warehouse, for consumption on or after the date of publication: (1) The cash deposit rate for Ta Chen will be the rate shown above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers shall continue to be 51.01 percent.

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

## Notification of Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR

351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: December 10, 2003.
