

(2) An estimate of the number of comparable replacement dwellings in the area (including price ranges and rental rates) that are expected to be available to fulfill the needs of those households displaced. When an adequate supply of comparable housing is not expected to be available, the Agency should consider housing of last resort actions.

(3) An estimate of the number, type and size of the businesses, farms, and nonprofit organizations to be displaced and the approximate number of employees that may be affected.

(4) An estimate of the availability of replacement business sites. When an adequate supply of replacement business sites is not expected to be available, the impacts of displacing the businesses should be considered and addressed. Planning for displaced businesses which are reasonably expected to involve complex or lengthy moving processes or small businesses with limited financial resources and/or few alternative relocation sites should include an analysis of business moving problems.

(5) Consideration of any special relocation advisory services that may be necessary from the displacing Agency and other cooperating Agencies.

(b) *Loans for planning and preliminary expenses.* In the event that an Agency elects to consider using the duplicative provision in section 215 of the Uniform Act which permits the use of project funds for loans to cover planning and other preliminary expenses for the development of additional housing, the Lead Agency will establish criteria and procedures for such use upon the request of the Federal Agency funding the program or project.

(c) *Relocation assistance advisory services.* (1) *General.* The Agency shall carry out a relocation assistance advisory program which satisfies the requirements of title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d *et seq.*), title VIII of the Civil Rights Act of 1968 (42 U.S.C. 3601 *et seq.*), and Executive Order 11063 (27 FR 11527, November 24, 1962), and offer the services described in paragraph (c)(2) of this section. If the Agency determines that a person occupying property adjacent to the real property acquired for the project is caused substantial economic injury because of such acquisition, it may offer advisory services to such person.

(2) *Services to be provided.* The advisory program shall include such measures, facilities, and services as may be necessary or appropriate in order to:

(i) Determine, for non-residential (businesses, farms and non-profit

organizations) displacements, the relocation needs and preferences of each business (farms and non-profit organizations) to be displaced and explain the relocation payments and other assistance for which the business may be eligible, the related eligibility requirements, and the procedures for obtaining such assistance. This shall include a personal interview with each business. At a minimum, interviews with displaced business owners and operators should include the following items:

(A) The business's replacement site requirements, current lease terms and other contractual obligations and the financial capacity of the business to accomplish the move.

(B) Determination of the need for outside specialists in accordance with § 24.301(g)(12) that will be required to assist in planning the move, assistance in the actual move, and in the reinstallation of machinery and/or other personal property.

(C) For tenant businesses, an identification and resolution of personalty/realty issues. This determination must be made prior to the appraisal of the property.

(D) An estimate of the time required for the business to vacate the site.

(E) An estimate of the searching expense payments required based on the anticipated difficulty in locating a replacement property.

(F) An identification of any advance relocation payments required for the move, and the Agency's legal capacity to provide them.

(ii) Determine, for residential displacements, the relocation needs and preferences of each person to be displaced and explain the relocation payments and other assistance for which the person may be eligible, the related eligibility requirements, and the procedures for obtaining such assistance. This shall include a personal interview with each residential displaced person. At a minimum, interviews with displaced business owners and operators should include the following items:

(A) Provide current and continuing information on the availability, purchase prices, and rental costs of comparable replacement dwellings, and explain that the person cannot be required to move unless at least one comparable replacement dwelling is made available as set forth in § 24.204(a).

(B) As soon as feasible, the Agency shall inform the person in writing of the specific comparable replacement dwelling and the price or rent used for establishing the upper limit of the

replacement housing payment (*See* § 24.403 (a) and (b)) and the basis for the determination, so that the person is aware of the maximum replacement housing payment for which he or she may qualify.

(C) Where feasible, housing shall be inspected prior to being made available to assure that it meets applicable standards. (*See* § 24.2(a)(8).) If such an inspection is not made, the Agency shall notify the person to be displaced that a replacement housing payment may not be made unless the replacement dwelling is subsequently inspected and determined to be decent, safe, and sanitary.

(D) Whenever possible, minority persons shall be given reasonable opportunities to relocate to decent, safe, and sanitary replacement dwellings, not located in an area of minority concentration, that are within their financial means. While this policy does not require an Agency to provide a person a larger payment than is necessary to enable a person to relocate to a comparable replacement dwelling, if a displacing Agency has a program objective of providing minority persons with an opportunity to relocate to areas outside of minority concentration, the Agency may determine to provide a reasonable and justifiable increase in the payment to facilitate a move to a comparable replacement dwelling in such areas.

(E) The Agency shall offer all persons transportation to inspect housing to which they are referred.

(F) Any displaced person that may be eligible for government housing assistance at the replacement dwelling shall be advised of any requirements of such government housing assistance program that would limit the size of the replacement dwelling (*see* § 24.2(a)(6)(ix)), as well as of the long term nature of such rent subsidy, and the limited (42 month) duration of the relocation rental assistance payment.

(iii) Provide, for non-residential moves, current and continuing information on the availability, purchase prices, and rental costs of suitable commercial and farm properties and locations. Assist any person displaced from a business or farm operation to obtain and become established in a suitable replacement location.

(iv) Minimize hardships to persons in adjusting to relocation by providing counseling, advice as to other sources of assistance that may be available, and such other help as may be appropriate.

(v) Supply persons to be displaced with appropriate information concerning Federal and State housing
