

(i) the Ten-day Catch and Effort Reporting System set out in Conservation Measure 23-02;

(ii) the Monthly Fine-scale Catch and Effort Reporting System set out in Conservation Measure 23-04. Fine-scale data shall be submitted on a haul-by-haul basis.

6. For the purpose of Conservation Measures 23-02 and 23-04, the target species is *Martialia hyadesi* and by-catch species are defined as any species other than *Martialia hyadesi*.

Data:
biological

7. Fine-scale biological data, as required under Conservation Measure 23-05, shall be collected and recorded. Such data shall be reported in accordance with the Scheme of International Scientific Observation.

Research 8. Each vessel participating in this exploratory fishery shall collect data in accordance with the Data Collection Plan described in Annex 61-01/A.

Data collected pursuant to the plan for the period up to 31 August 2004 shall be reported to CCAMLR by 30 September 2004 so that the data will be available to the meeting of the Working Group on Fish Stock Assessment in 2004.

ANNEX 61-01/A

DATA COLLECTION PLAN FOR EXPLORATORY SQUID (*MARTIALIA HYADESI*) FISHERIES IN STATISTICAL SUBAREA 48.3

1. All vessels will comply with conditions set by CCAMLR. These include data required to complete the data form (Form TAC) for the Ten-day Catch and Effort Reporting System, as specified by Conservation Measure 23-02; and data required to complete the CCAMLR standard fine-scale catch and effort data form for a squid jig fishery (Form C3). This includes numbers of seabirds and marine mammals of each species caught and released or killed.

2. All data required by the CCAMLR Scientific Observers Manual for squid fisheries will be collected. These include:

- (i) vessel and observer program details (Form S1);
- (ii) catch information (Form S2);
- (iii) biological data (Form S3).

RESOLUTION 15/XXII

Use of Ports not Implementing the Catch Documentation Scheme for Dissostichus spp.

The Commission,
Noting that a number of Acceding States and non-Contracting Parties not participating in the Catch

Documentation Scheme for *Dissostichus* spp., as set out in Conservation Measure 10-05, continue to trade in *Dissostichus* spp.;

Recognizing that these Acceding States and non-Contracting Parties thus do not participate in the landing procedures for *Dissostichus* spp. accompanied by *Dissostichus* Catch Documents;

Urges Contracting Parties,

When licensing a vessel to fish for *Dissostichus* spp. either inside the Convention Area under Conservation Measure 10-02, or on the high seas, to require, as a condition of that license, that the vessel should land catches only in States that are fully implementing the CDS; and to attach to the license³³ a list of all Acceding States and non-Contracting Parties that are fully implementing the Catch Documentation Scheme.

RESOLUTION 20/XXII

Ice-Strengthening Standards in High-Latitude Fisheries³⁴

The Commission

Recognizing the unique circumstances in high-latitude fisheries, especially the extensive ice coverage which can pose a risk to fishing vessels operating in those fisheries,

Recognizing also that the safety of fishing vessels, crew and CCAMLR scientific observers is a significant concern of all Members,

Further recognizing the difficulties of search and rescue response in high-latitude fisheries,

Concerned that collisions with ice could result in oil spills and other adverse consequences for Antarctic marine living resources and the pristine Antarctic environment,

Considering that vessels fishing in high-latitude fisheries should be suitable for ice conditions,

Urges Members to license to fish in high-latitude fisheries only those of their flag vessels with a minimum ice classification standard of ICE-1C³⁵ which will remain current for the duration of the planned fishing activity.

Dated: December 10, 2003.

Margaret F. Hayes,

Director, Office of Oceans Affairs, Bureau of Oceans, International Environmental and Scientific Affairs, Department of State.

Bureau of Educational and Cultural Affairs Request for Grant Proposals: Benjamin A. Gilman International Scholarship Program

SUMMARY: The Office of Global Educational Programs of the Bureau of Educational and Cultural Affairs announces an open competition to administer the Benjamin A. Gilman International Scholarship Program. Public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3) may submit proposals for the purpose of administering a scholarship program for academic study by Americans outside of the United States.

Important Note: This Request for Grant Proposals contains language in the "Shipment and Deadline for Proposals" section that is significantly different from that used in the past. Please pay special attention to procedural changes as outlined.

Program Information

This program provides grants to enable U.S. citizen undergraduate students of limited financial means to pursue academic studies abroad. Such foreign study is intended to expand understanding of other countries and cultures among U.S. students, expose citizens of other countries to Americans from diverse backgrounds, and better prepare U.S. students to assume significant roles in an increasingly global economy.

Overview

It is anticipated that, pending appropriation of funds, this grant will provide an assistance award of approximately \$1,600,000 for the purpose of recruiting, selecting, and issuing grants of up to \$5,000 to individuals who meet the eligibility requirements listed below toward the cost of up to one academic year of undergraduate study abroad. Subject to the availability of funding and to satisfactory performance of the organization selected, this assistance award may be renewable for two subsequent fiscal years.

The intent of the authorizing legislation for the Benjamin A. Gilman International Scholarship Program is to broaden the U.S. student population that participates in study abroad by focusing on those students who might not otherwise study outside the U.S. due to financial constraints.

The Bureau also seeks to encourage participating students and their
