SUPPLEMENTARY INFORMATION:

I. Background

FDA is announcing the availability of CPG Sec.110.300 entitled “Registration of Food Facilities Under the Public Health Security and Bioterrorism Preparedness and Response Act of 2002.” This guidance outlines for FDA staff the agency’s policy on enforcement of section 305 of the Bioterrorism Act and its implementing regulation (68 FR 58894, October 10, 2003; to be codified at 21 CFR part 1, subpart H). The Bioterrorism Act and subpart H require that, beginning on December 12, 2003, all domestic and foreign facilities that manufacture, process, pack, or hold food for human or animal consumption in the United States be registered with FDA.

FDA is issuing this document as level 1 guidance consistent with FDA’s good guidance practices regulation § 10.115 (21 CFR 10.115). The CPG Sec. 110.300 is being implemented immediately without prior public comment, under § 10.115(g)(2), because the agency has determined that prior public participation is not feasible. As noted, under section 305 of the Bioterrorism Act, the requirement that food facilities be registered is effective December 12, 2003, making it urgent that the agency explain how it intends to enforce this requirement.
