BILLING CODE 4510-79-C

LIBRARY OF CONGRESS

Copyright Office

[Docket No. 2003-4]

Notice of New Copyright Office Seal

AGENCY: Copyright Office, Library of Congress.

ACTION: Notice of New Copyright Office Seal.

SUMMARY: The Copyright Office of the Library of Congress is adopting a new official seal to authenticate copyright registrations, certifications of documents and other official documents. This new seal will replace the seal used by the Copyright Office since January 1, 1978.

DATES: The new official seal will become effective on January 1, 2004.

ADDRESSES: Office of the General Counsel, Copyright GC/I&R, PO Box 70400, Southwest Station, Washington, DC 20024-0400.

FOR FURTHER INFORMATION CONTACT: Robert Kasunic: (202) 707-8380.

SUPPLEMENTARY INFORMATION: Notice is hereby given that, pursuant to section 701(c) of title 17 of the United States Code, as enacted by Pub. L. 94-553 and amended by Pub. L. 105-304, the Register of Copyrights has adopted a new seal to authenticate all official documents issued by the Copyright Office. The new seal will become effective on January 1, 2004, and all documents bearing this seal issued by the Copyright Office will be authenticated and shall be judicially noticed.

The new Copyright Office seal is circular and consists of a capital letter C in a circle with stylized representation of an eagle and shield perched on the lower limb of the C. The eagle and the C are depicted on a field of horizontal bands enclosed by the circle. This group is encircled by the words "Seal of the United States Copyright Office" and the date 1870 set in the Zealand Bold type font. A representation of the new seal is shown immediately below.

The previous seal used by the Copyright Office from January 1, 1978, until December 31, 2003, will continue to serve as an identifying mark of the Copyright Office.

Dated: December 17, 2003.

Marybeth Peters,
Register of Copyrights.

BILLING CODE 1410-30-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 40-8903]

Notice of Receipt of License Amendment Request From the Homestake Mining Company To Request an Extension of Reclamation Milestones for Its Grants, New Mexico Facility, and Opportunity To Request a Hearing

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of consideration of license and opportunity to request a hearing.

DATES: A request for a hearing must be filed within 30 days of the publication of this **Federal Register** notice.

FOR FURTHER INFORMATION CONTACT: William von Till, Fuel Cycle Facilities Branch, Division of Fuel Cycle Safety and Safeguards, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001. Telephone: (301) 415-6251; Fax: (301) 415-5955; and/or by email: rwv@nrc.gov.

SUPPLEMENTARY INFORMATION:**I. Introduction**

The U. S. Nuclear Regulatory Commission (NRC) has received, by letters dated October 28, 2003 (ML033030501), and October 29, 2003 (ML033040196), a request from Homestake Mining Company (HMC) for approval of a license amendment to Materials License SUA-1471 to extend its reclamation milestones.

The Homestake facility is an inactive uranium recovery fuel cycle facility that is undergoing surface reclamation and groundwater remediation. Milestones for reclamation are outlined in the Homestake Source Material License SUA-1471 in condition 36A and B. Surface reclamation milestones are dependent on groundwater remediation at the site. Homestake proposes to extend the milestones due to active groundwater remediation activities. Groundwater remediation at the site is under the oversight of the NRC per Source Material License SUA-1471 (10 CFR part 40) and the U.S. Environmental Protection Agency (EPA) under the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended (CERCLA). A Memorandum of Understanding dated December 14, 1993, outlines the NRC and EPA roles in the clean-up of groundwater at the site. Surface reclamation activities are under the oversight of the NRC. HMC proposes to extend the reclamation milestones for the large tailings pile (LTP) and small tailings pile (STP) as follows:

LTP—Final radon barrier placement—top of pile from December 31, 2003, to December 31, 2012.

LTP—Erosion protection layer placement—top of pile from September 30, 2004, to September 30, 2013.

STP—Final radon barrier placement from December 31, 2012, to September 30, 2013.

STP—Erosion protection layer placement from September 30, 2013, to December 31, 2013.

Corrective Action Plan completion from May 1, 2010, to December 31, 2011.

The NRC staff will review HMC's request to extend reclamation milestones with 10 CFR part 40, using NUREG-1620 Rev. 1, "Standard Review Plan for the Review of a Reclamation Plan for Mill Tailings Sites Under Title II of the Uranium Mill Tailings Radiation Control Act of 1978" and other applicable agency regulations and guidance. If the NRC approves HMC's request, the approval will be documented in an amendment to HMC's license. The NRC staff will consult with the EPA since the proposed milestones included groundwater corrective action completion.

II. Opportunity To Request a Hearing

The NRC hereby provides notice that this is a proceeding on an application for an amendment of a license falling within the scope of subpart L, "Informal Hearing Procedures for Adjudications in Materials and Operator Licensing
