

ACTION: Notice of meeting.

SUMMARY: Pursuant to Pub. L. 92-463, notice is hereby given of the forthcoming meeting of the 2003 S&T Review and the leadership of the Air Force Materiel Command. The purpose of the meeting is to allow the SAB leadership to advise the commander of the AFMC on the outcome of the 2003 Review. Because classified and contractor-proprietary information will be discussed, this meeting will be closed to the public.

DATES: February 18, 2003.

ADDRESSES: Room 4E987, The Pentagon.
FOR FURTHER INFORMATION CONTACT: Maj John Pernot, Air Force Scientific Advisory Board Secretariat, 1180 Air Force Pentagon, Rm 5D982, Washington DC 20330-1180, (703) 697-4811.

Pamela D. Fitzgerald,
Air Force Federal Register Liaison Officer.

BILLING CODE 5001-05-U

DEPARTMENT OF DEFENSE**Department of the Army; Corps of Engineers**

Intent To Prepare a Joint Environmental Impact Statement/Environmental Impact Report for the Dredged Material Management Plan Feasibility Study, Los Angeles County, CA

AGENCY: Department of the Army, Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers (Corps), the Port of Los Angeles, the City of Long Beach, and the County of Los Angeles propose to evaluate options for managing dredge materials in Los Angeles County.

DATES: A scoping meeting will be held on February 26, 2003, from 6:30 to 8:30 p.m. at the Cesar Chavez Community Center located at 401 Golden Avenue in Long Beach, CA.

FOR FURTHER INFORMATION CONTACT: Questions regarding the scoping process or preparation of the Environmental Impact Statement/Environmental Impact Report (EIS/EIR) may be directed to Mr. Paul Rose, Chief, Environmental Resources Branch, U.S. Army Corps of Engineers, P.O. Box 532711, Los Angeles, CA, 90053-2325, (213) 452-3840.

SUPPLEMENTARY INFORMATION:

1. *Proposed Action:* The Corps estimates that, within the Los Angeles Region, approximately 5 million cubic

meters (m³) of sediments deemed suitable for ocean disposal and 2.5 million m³ of sediments deemed unsuitable for ocean disposal will need to be dredged from the Ports and Harbors of Los Angeles County over the next 10 years. However, there is currently a lack of readily available disposal options for the unsuitable sediments. The U.S. Army Corps of Engineers, L.A. District has determined that there is a federal interest to participate in a detailed feasibility study to develop a regional dredged material management plan.

2. *Alternatives:* Alternatives that may be considered include: no action, upland disposal, aquatic capping, near shore confined disposal facility (California Department of Fish and Game), shallow water habitat creation, chemical stabilization, washing, blending, physical separation, thermal desorption, construction fill, landfill daily cover, reclamation fill, oil well injections, and geotextile encapsulation. These alternatives, and any additional, reasonable, alternatives recommended through the public scoping process, will be evaluated by the Corps of Engineers.

3. *Scoping Process:* The Corps, the Port of Los Angeles, the City of Long Beach, and the County of Los Angeles are preparing a joint EIS/EIR to address potential impacts associated with the proposed project. The Corps is the lead Federal agency for compliance with National Environmental Policy Act (NEPA) for the project, and the County of Los Angeles is the Lead State Agency for compliance with the California Environmental Quality Act (CEQA) for the non-Federal aspects of the project. The draft EIS/EIR (DEIS/EIR) document will incorporate public concerns in the analysis of impacts associated with the proposed action and associated project alternatives. The DEIS/EIR will be sent out for a 45-day public review period, during which time both written and verbal comments will be solicited on the adequacy of the document. The final EIS/EIR (FEIS/EIR) will address the comments received on the DEIS/EIR during public review, and will be furnished to all who commented on the DEIS/EIR, and is made available to anyone that requests a copy during the 30-day public comment period. The final steps involves, for the Federal EIS, preparing a record of decision (ROD) and, for the State EIR, certifying the EIR and adopting a mitigation monitoring and reporting plan. The ROD is a concise summary of the decisions made by the Corps from among the alternatives presented in the FEIS/EIR.

The ROD can be published immediately after the FEIS public

comment period ends. A certified EIR indicates that the environmental document adequately assesses the environmental impacts of the proposed project with respect to CEQA. A formal scoping meeting to solicit public comment and concerns on the proposed action and alternatives will be held on Wednesday, February 26, 2003 (see **DATES**).

Dated: January 31, 2003.

Richard G. Thompson,
Colonel, U.S. Army, District Engineer.

BILLING CODE 3710-KF-M

DEPARTMENT OF ENERGY

[Docket No. IC03-423-000, FERC Form No. 423]

Federal Energy Regulatory Commission

Commission Collection Activities, Proposed Collection; Comment Request; Extension

February 6, 2003.

AGENCY: Federal Energy Regulatory Commission.

ACTION: Notice.

SUMMARY: In compliance with the requirements of section 3506(c)(2)(a) of the Paperwork Reduction Act of 1995 (Pub. L. No. 104-13), the Federal Energy Regulatory Commission (Commission) is soliciting public comment on the specific aspects of the information collection described below.

DATES: Comments on the collection of information are due by April 9, 2003.

ADDRESSES: Copies of the proposed collection of information can be obtained from Michael Miller, Office of the Executive Director, ED-30, 888 First Street NE., Washington, DC 20426. Comments on the proposed collection of information may be filed either in paper format or electronically. Those parties filing electronically do not need to make a paper filing. For paper filings, the original and 14 copies of such comments should be submitted to the Office of the Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426 and should refer to Docket No. 03-423-000.

Documents filed electronically via the Internet must be prepared in WordPerfect, MS Word, Portable Document Format, or ASCII format. To file the document, access the Commission's Web site at <http://www.ferc.gov> and click on "Make an E-filing," and then follow the instructions
