

participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, *e.g.* new, revision, extension, existing or reinstatement; (2) title; (3) summary of the collection; (4) description of the need for, and proposed use of, the information; (5) respondents and frequency of collection; and (6) reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

*Type of Review:* New.

*Title:* Social and Character Development Research Program National Evaluation.

*Frequency:* On occasion.

*Affected Public:* Not-for-profit institutions; Individuals or household.

*Reporting and Recordkeeping Hour Burden:*

Responses: 32,160.

Burden Hours: 13,868.

*Abstract:* The Social and Character Development (SACD) National Evaluation will evaluate the success of seven school-based interventions designed to promote positive social and character development among elementary school children. The research will determine, through randomized field trials, whether one or more program interventions produce meaningful effects. The study's three primary research questions are: (1) Do the SACD interventions affect social-

emotional competence, school climate, positive and negative behavior, and academic achievement? (2) For whom, and under what conditions, are the interventions effective? and (3) What is the process by which the interventions affect children's behavior? Data collection activities will include the administration of surveys to children, teachers, principals, and primary caregivers; school observations, and school record abstractions over a three year period: from 2004–05 to 2006–07. Results from the evaluation will provide education professionals with information they need to make informed choices about which intervention to adopt.
