

understanding where nothing new would be added to the public's understanding.

(iii) The contribution to an understanding of the subject by the public likely to result from disclosure: Whether disclosure of the requested records will contribute to "public understanding." The disclosure must contribute to a reasonably broad audience of persons interested in the subject, as opposed to the personal interest of the requester. A requester's expertise in the subject area and ability and intention to effectively convey information to the public shall be considered. It shall be presumed that a representative of the news media will satisfy this consideration.

(iv) The significance of the contribution to public understanding: Whether the disclosure is likely to contribute "significantly" to public understanding of Corporation or Federal government operations or activities. The public's understanding of the subject in question, as compared to the level of public understanding existing prior to the disclosure, must be enhanced by the disclosure to a significant extent.

(2) In order to determine whether disclosure of the information is not primarily in the commercial interest of the requester, the Corporation will consider the following two factors:

(i) The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure. LSC shall consider any commercial interest of the requester (with reference to the definition of "commercial use" in this Part) or of any person on whose behalf the requester may be acting, that would be furthered by the requested disclosure.

(ii) The primary interest in disclosure: Whether the magnitude of the identified commercial interest is sufficiently large, in comparison with the public interest in disclosure, that disclosure is "primarily" in the commercial interest of the requester. A fee waiver or reduction is justified where the public interest is greater in magnitude than that of any identified commercial interest in disclosure. LSC ordinarily shall presume that where a news media requester has satisfied the public interest standard, the public interest will be the interest primarily served by disclosure to that requester. Disclosure to data brokers or others who merely compile and market government information for direct economic return shall not be presumed primarily to serve a public interest.

(3) Where LSC has determined that a fee waiver or reduction request is

justified for only some of the records to be released, LSC shall grant the fee waiver or reduction for those records.

(4) Requests for fee waivers and reductions shall be made in writing and must address the factors listed in this paragraph as they apply to the request.

(j) When a requester has previously failed to pay a properly charged FOIA fee within 30 days of the date of billing, the Corporation may require the requester to pay the full amount due, plus any applicable interest, and to make an advance payment of the full amount of any anticipated fee before the Corporation begins to process a new request or continues to process a pending request (including appeals) from that requester.

7. Section 1602.14 is added to read as follows:

§ 1602.14 Submitter's rights process.

(a) When the Corporation receives a FOIA request seeking the release of a submitter's grant application(s), or portions thereof, the Corporation shall provide prompt written notice of the request to the submitter in order to afford the submitter with an opportunity to object to the disclosure of the requested grant application(s) (or any portion thereof). The notice shall reasonably describe the grant application(s), or portions thereof, requested and inform the submitter of the process required by paragraph (b) of this section.

(b) If a submitter who has received notice of a request for the submitter's grant application(s) desires to object to the disclosure of the grant application(s) (or any portion thereof), the submitter must identify the information for which disclosure is objected and provide LSC with a written detailed statement to that effect. The statement must be submitted to the FOIA Officer in the Office of Legal Affairs and must specify the grounds for withholding the information under FOIA or this Part. In particular, the submitter must demonstrate why the information is commercial or financial information that is privileged or confidential. The submitter's statement must be provided to LSC within seven business days of the date of the notice from the Corporation. If the submitter fails to respond to the notice from LSC within that time, LSC will deem the submitter to have no objection to the disclosure of the information.

(c) Upon receipt of written objection to disclosure by a submitter, LSC shall consider the submitter's objections and specific grounds for withholding in

deciding whether to release the disputed information. Whenever LSC decides to disclose information over the objection of the submitter, LSC shall give the submitter written notice which shall include:

(1) A description of the information to be released and a notice that LSC intends to release the information;

(2) A statement of the reason(s) why the submitter's request for withholding is being rejected; and

(3) Notice that the submitter shall have 5 business days from the date of the notice of proposed release to appeal that decision to the LSC President, whose decision shall be final.

(d) The requirements of this section shall not apply if:

(1) LSC determines upon initial review of the requested grant application(s), or portions thereof, the requested information should not be disclosed;

(2) The information has been previously published or officially made available to the public; or

(3) Disclosure of the information is required by statute (other than FOIA) or LSC regulations.

(e) Whenever a requester files a lawsuit seeking to compel disclosure of a submitter's information, LSC shall promptly notify the submitter.

(f) Whenever LSC provides a submitter with notice and opportunity to oppose disclosure under this section, LSC shall notify the requester that the submitter's rights process under this section has been triggered. Whenever a submitter files a lawsuit seeking to prevent the disclosure of the submitter's information, LSC shall notify the requester.
