

protecting the public's health as set forth in state law. The routine use will be as follows:

On its own initiative, VA may disclose information, except for the names and home addresses of veterans and their dependents, to a Federal, state, local, tribal or foreign agency charged with the responsibility of investigating or prosecuting civil, criminal or regulatory violations of law, or charged with enforcing or implementing the statute, regulation, rule or order issued pursuant thereto. On its own initiative, VA may also disclose the names and addresses of veterans and their dependents to a Federal agency charged with the responsibility of investigating or prosecuting civil, criminal or regulatory violations of law, or charged with enforcing or implementing the statute, regulation, rule or order issued pursuant thereto.

The Privacy Act permits VA to disclose information about individuals without their consent for a routine use when the information will be used for a purpose that is compatible with the purpose for which we collected the information. In all of the routine use disclosures described above, the recipient of the information will use the information in connection with a matter relating to one of VA's programs, will use the information to provide a benefit to VA, or disclosure is required by law.

Under section 264, Subtitle F of Title II of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Public Law 104-191, 100 Stat. 1936, 2033-34 (1996), the United States Department of Health and Human Services (HHS) published a final rule, as amended, establishing Standards for Privacy of Individually-Identifiable Health Information, 45 CFR parts 160 and 164. VHA may not disclose individually-identifiable health information (as defined in HIPAA and the Privacy Rule, 42 U.S.C. 1320(d)(6) and 45 CFR 164.501) pursuant to a routine use unless either: (a) The disclosure is required by law, or (b) the disclosure is also permitted or required by the HHS Privacy Rule. The disclosures of individually-identifiable health information contemplated in the routine uses published in this amended system of records notice are permitted under the Privacy Rule or required by law. However, to also have authority to make such disclosures under the Privacy Act, VA must publish these routine uses. Consequently, VA is publishing these routine uses and is adding a preliminary paragraph to the routine uses portion of the system of records notice stating that any disclosure pursuant to the routine uses

in this system of records notice must be either required by law or permitted by the Privacy Rule before VHA may disclose the covered information.

The Storage section of Policies and Practices for Storing, Retrieving, Accessing, Retaining and Disposing of Records in the System has been amended to address the data collection process move to a web-based system.

References throughout the system notice to VA Headquarters have been amended to VA Central Office.

The Report of Intent to Publish an Amended System of Records and an advance copy of the system notice have been sent to the appropriate Congressional committees and to the Director of Office of Management and Budget (OMB) as required by 5 U.S.C. 552a(r) (Privacy Act) and guidelines issued by OMB (65 FR 77677), December 12, 2000.

Approved: December 18, 2003.

Anthony J. Principi,
Secretary of Veterans Affairs.

SYSTEM NAME:

Agent Orange Registry—VA.

SYSTEM LOCATION:

Character-based data from Agent Orange Registry (AOR) Code Sheets are maintained in a registry dataset at the Austin Automation Center (AAC), 1615 Woodward Street, Austin, Texas 78772. Since the data set at the AAC is not all-inclusive, *i.e.*, narratives, signatures, *etc.*, noted on the code sheets are not entered into this system, images of the code sheets are maintained at the Department of Veterans Affairs, Environmental Agents Service (131), 810 Vermont Avenue, NW., Washington, DC 20420. These are electronic images of paper records, *i.e.*, code sheets, medical records, questionnaires and correspondence that are stored on optical disks.

The secure web-based data entry system is maintained by the AAC and provides retrievable images to users. The optical disk system is currently being utilized where there is no access to the secure web-based system. However, the optical disk system is scheduled to be discontinued in 2004 and all access to the AOR system will be through the secure web-based data entry system.

CATEGORIES OF INDIVIDUALS COVERED BY THIS SYSTEM:

Veterans who may have been exposed to dioxin or other toxic substance in a herbicide or defoliant during:

1. Active military service in the Republic of Vietnam between 1962 and 1975,
2. The Republic of Korea between 1968 and 1969,
3. The conduct of or as a result of testing, transporting or spraying herbicides for military purposes, and
4. Have had an AOR examination at a Department of Veterans Affairs (VA) medical facility.

CATEGORIES OF RECORDS IN THE SYSTEM:

These records may contain the following information: Code sheet records recording VA facility code identifier where the veteran was examined or treated; veteran's name; address; social security number; military service serial number; claim number; date of birth; race/ethnicity; marital status; sex; branch of service; periods of service; areas of service in Vietnam; list of military units where veteran served; method of exposure to herbicides; veteran's self-assessment of health; date of registry examination; veteran's complaints/symptoms; reported birth defects among veteran's children; consultations; diagnoses; disposition (hospitalized, referred for outpatient treatment, *etc.*) and name and signature of examiner/clinician coordinator, when available.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Title 38, United States Code (U.S.C.) 1710(e)(1)(B) and 1720E.

PURPOSE(S):

The purpose of this AOR system of records is to provide information about: Veterans who have had an AOR examination at a VA facility; to assist in generating hypotheses for research studies; provide management with the capability to track patient demographics; reported birth defects among veterans' children; dioxin-related diseases; planning and delivery of health care services and associated costs; and with relation to claims for compensation which may assist in the adjudication of claims possibly related to herbicide exposure although more comprehensive medical records are required for evaluation of subject claims.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

VA may disclose protected health information pursuant to the following routine uses where required by law, or required or permitted by 45 CFR parts 160 and 164.

1. The record of an individual who is covered by this system may be disclosed to a member of Congress or staff person
