### **10 CFR Parts 1, 4, 19, 35, 39, 40, and 50**

**RIN 3150–AH34**

#### **Minor Correction Amendments**

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Final rule.

**SUMMARY:** The Nuclear Regulatory Commission (NRC) is amending its regulations to correct several miscellaneous errors in the Code of Federal Regulations (CFR). This document is necessary to inform the public of these corrective changes to NRC regulations.

**EFFECTIVE DATE:** December 31, 2003.

#### **FOR FURTHER INFORMATION CONTACT:**

Alzonja Shepard, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, telephone (301) 415–6864.

#### **SUPPLEMENTARY INFORMATION:**

#### **Background**

The Nuclear Regulatory Commission is amending the regulations in 10 CFR parts 1, 4, 19, 35, 39, 40, and 50 to correct several miscellaneous errors in regulatory text. These changes in CFR text occurred in the process of preparing and printing of rulemaking documents. The corrections include changing the Zip+4 for Region IV in § 1.5; changing the name of the “Licensing Support System Advisory Review Panel (LSSARP)” to the “Licensing Support Network Advisory Review Panel (LSNARP)” in § 1.19; correcting the reference “20 U.S.C. 7801” to “20 U.S.C. 8801” in § 4.4(g)(2)(ii); correcting the misspelled word “covenant” in § 4.21(b); substituting “Title VI” for “Title VII” in § 19.32; changing the word “Megabecquerels” to “megabecquerels” in § 35.40(a); changing the word “Gigabecquerels” to “gigabecquerels” in §§ 35.390, 392, and 394; correcting the conversion from “MBq” to “GBq” in § 39.55(b); changing the reference from paragraphs (d)(4), (f) and (g) to paragraphs (d)(4), (g) and (h) in § 40.42(l) and correcting the ASTM code title in Appendix H to part 50.

Because these amendments constitute minor administrative corrections to the regulations, the notice and comment provisions of the Administrative Procedure Act do not apply pursuant to 5 U.S.C. 553(b)(B). The amendment is effective upon publication in the **Federal Register**. Good cause exists under 5 U.S.C. 553(d) to dispense with

the usual 30-day delay in the effective date of the final rule, because the amendments are of a minor and administrative nature dealing with corrections to certain CFR sections, which do not require action by any person or entity regulated by the NRC. Nor does the final rule change the substantive responsibilities of any person or entity regulated by the NRC.

#### **Environmental Impact: Categorical Exclusion**

The NRC has determined that this final rule is the type of action described in categorical exclusion 10 CFR 51.22(c)(2). Therefore, neither an environmental impact statement nor an environmental assessment has been prepared for this final rule.

#### **Paperwork Reduction Act Statement**

This final rule does not contain new or amended information collection requirements subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). Existing requirements were approved by the Office of Management and Budget, approval numbers 3150–0053; 3150–0044; 3150–0010; 3150–0130; 3150–0020; and 3150–0011.

#### **Public Protection Notification**

The NRC may not conduct or sponsor, and a person is not required to respond to, a request for information of an information collection requirement unless the requesting document displays a currently valid OMB control number.
