

ACTION: Agency information collection extensions.

SUMMARY: The Department of Energy (DOE) is submitting an information collection package to the Office of Management and Budget (OMB) for renewal under the Paperwork Reduction Act of 1995. The package requests a 3-year extension of its Security information collection (formerly known as Safeguards and Security), OMB Control Number 1910-1800. The package covers collections of information concerning the management and administration of DOE's Government-owned/contractor-operated facilities (GOCO's), offsite contractors, businesses and citizens. These collections provide information concerning the Department's security program. Typical information collected in this package pertains to material control and accountability, security incident investigations, and protection of unclassified and classified documents.
