ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[Region II Docket No. NJ55–248,
FRL–7441–4]

Approval and Promulgation of Implementation Plans; New Jersey; Motor Vehicle Enhanced Inspection and Maintenance Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving a State Implementation Plan (SIP) revision submitted by New Jersey, including revisions to the State's enhanced motor vehicle inspection and maintenance (I/M) program. This revision updates New Jersey's enhanced I/M performance standard modeling to reflect the State's plan to extend the current new vehicle inspection exemption from one inspection cycle (2 years) to two inspection cycles (4 years). The State's evaluation demonstrates that the proposed changes to the enhanced I/M program will not impact the State's ability to continue to meet its enhanced I/M emission reduction goals for current and future years. The intended effect of this action is to approve New Jersey's plan to extend the new vehicle emission inspection exemption, and the State's supporting revised performance standard modeling, which demonstrates that the enhanced I/M program continues to meet EPA's low enhanced performance standard.

EFFECTIVE DATE: This rule will be effective March 20, 2003.
