

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties.

Assessment Rates

Upon completion of this administrative review, the Department will determine, and Customs shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we calculated importer-specific assessment rates for merchandise subject to this review. We divided the total dumping margin (calculated as the difference between NV and CEP) for the importer by the total entered value of the reviewed sales. Where the importer-specific assessment rate is above *de minimis*, we will direct Customs to assess the resulting *ad valorem* rate against the entered value of the entry of the subject merchandise by that importer during the POR. The Department will issue appropriate assessment instructions directly to Customs within 15 days of publication of the final results of review. If these preliminary results are adopted in the final results of review, we will direct Customs to assess the resulting assessment rates, calculated as described above, on each of the importer's entries during the review period.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of potassium permanganate from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Act: (1) the cash deposit rate for the reviewed company named above will be the rate for that firm established in the final results of this administrative review; (2) for any previously reviewed PRC or non-PRC exporter with a separate rate not covered in this review, the cash deposit rate will be the company-specific rate established for the most recent period; (3) for all other PRC exporters, the cash deposit rates will be the PRC-wide rate in effect; and (4) the cash deposit rates for non-PRC exporters of subject merchandise from the PRC will be the rates applicable to the PRC supplier of that exporter. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Interested Parties

This notice serves as a preliminary reminder to importers of their responsibility under section 351.402(f)(2) of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this determination in accordance with sections section 751(a)(1) and 777(i)(1) of the Act.

Dated: January 31, 2003.

Bernard T. Carreau,

Acting Assistant Secretary for Import Administration.
