DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RM98-1-000]

Regulations Governing Off-the-Record Communications; Public Notice

February 11, 2003.

This constitutes notice, in accordance with 18 CFR 385.2201(h), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or a prohibited off-the-record communication relevant to the merits of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such requests only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication should serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of exempt and prohibited off-the-record communications recently received in the Office of the Secretary. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For Assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866)208-3676, or for TTY, contact (202)502-8659.

Prohibited

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7452-8]

EPA Science Advisory Board; Ecological Processes and Effects Committee Meeting—Notification of a Change in the Agenda and the Request for Public Comment

Purpose of this Notice—To advise of a change in the agenda for the advisory committee meeting advertised in 68 FR 4775, January 30, 2003. As noted in that FR Notice, the Ecological Processes and Effects Committee (EPEC) of the U.S. EPA Science Advisory Board (SAB) will meet on Thursday and Friday, February 13-14, 2003. Although a formal Consultation on the EPA Office of Waters' "Guidelines for Deriving

Numerical National Water Quality Criteria for the Protection of Aquatic Organisms and Their Uses" was scheduled for that meeting, it has since been changed to a briefing. Other agenda items are unchanged and the meeting location remains unchanged.

In the above cited **Federal Register** notice, we stated that public comments (information, analysis or other documentation) will be accepted until February 7, 2003 on the EPEC member biosketches for the purpose of helping us to ensure a balanced panel for the Consultation that was originally planned. Since the Consultation will not take place at this time and no advice is being developed or provided by individuals on the Panel as a result of receiving briefings, we are no longer seeking comments on the biosketches. Any comments received at the address listed in the **Federal Register** notice (through the date of the meeting) will be considered in the event that the SAB conducts a formal Consultation on this topic in the future.

FOR FURTHER INFORMATION: Any member of the public wishing further information concerning this meeting, should contact Mr. Lawrence Martin, Designated Federal Officer, USEPA Science Advisory Board (1400A), Suite 6450, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone/voice mail at (202) 564-6497; fax at (202) 501-0582; or via e-mail at martin.lawrence@epa.gov. Information concerning this meeting can be found at the following Web site: <http://www.epa.gov/sab/panels/epecpubmtg021303.htm>.

Dated: February 7, 2003.

A. Robert Flaak,

Acting Deputy Director, EPA Science Advisory Board Staff Office.
