

program, other than to extend its operation through March 1, 2003.

The text of the proposed rule change is available at the NASD and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the NASD included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Association has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On July 24, 2002, the NASD filed SR-NASD-2002-98, which proposed a new member regulatory pricing structure.⁸ The proposed rule change was filed for immediate effectiveness pursuant to Section 19(b)(3)(A)(ii) of the Act⁹ and Rule 19b-4(f)(2)¹⁰ thereunder. SR-NASD-2002-98 is currently in effect. Assessments under the new TAF were effective as of October 1, 2002.¹¹ On October 18, 2002, the NASD established a sunset provision whereby the TAF would cease to exist after December 31, 2002.¹² Upon expiration of SR-NASD-2002-98, the member regulatory pricing was to revert to Section 8 of Schedule A of the By-Laws as amended.

The NASD has determined not to revert to the previous pricing structure established in Section 8 of Schedule A of the NASD By-Laws, but rather to

extend the TAF pilot program in order to maintain the status quo and to allow the Commission more time to review issues presented by the TAF proposed rule change. Accordingly, the NASD filed the instant proposed rule change to extend the TAF structure pilot program through March 1, 2003. The NASD proposes no other changes to the pilot, other than to extend its operation through March 1, 2003.

2. Statutory Basis

The NASD believes that the proposed rule change is consistent with the Act, including Section 15A(b)(5) of the Act,¹³ which requires, among other things, that the NASD's rules provide for the equitable allocation of reasonable dues, fees, and other charges among members and issuers and other persons using any facility or system that the NASD operates or controls.

B. Self-Regulatory Organization's Statement on Burden on Competition

The NASD does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments on this proposed rule change were neither solicited nor received. Written comments have been solicited on SR-NASD-2002-98, SR-NASD-2002-147 and SR-NASD-2002-148. These comments are not addressed herein, but are, as appropriate, discussed in connection with the respective rule filings.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- (i) Significantly affect the protection of investors or the public interest;
- (ii) Impose any significant burden on competition; and

(iii) Become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6) thereunder.¹⁵ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears

to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The NASD has requested that the Commission waive the five-day pre-filing notice requirement and the 30-day operative delay. The Commission believes waiving the five-day pre-filing notice requirement and the 30-day operative delay is consistent with the protection of investors and the public interest. In particular, acceleration of the operative date will allow the pilot to operate without interruption. For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁶

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposal is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Association. All submissions should refer to file number SR-NASD-2002-182 and should be submitted by January 28, 2003.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁷

Margaret H. McFarland,

Deputy Secretary.
