

The following chart details the individual components and estimated hour burdens. In calculating the

burdens, we assumed that respondents perform certain requirements in the normal course of their activities.

Therefore, we consider these to be usual and customary and took that into account in estimating the burden.

Proposed 30 CFR section	Reporting requirement	Burden hours per response	Annual number of responses	Annual burden hours
§ 206.81	You must submit information on Form MMS-4416 related to all of your crude oil production from Indian leases. You must initially submit Form MMS-4416 no later than [insert the date 2 months after the effective date of this rule] and then by October 31 [insert the year this regulation takes effect], and by October 31 of each succeeding year.	.1667	2,025 ¹	338
	In addition to the annual requirement to file this form, you must file a new form each time you execute a new exchange or sales contract involving the production of oil from an Indian lease. However, if the contract merely extends the time period a contract is in effect without changing any other terms of the contract, this requirement to file does not apply.	.5	4,050 ²	2,025
Total		6,075	2,363

¹ 1,350 payor-purchaser agreements or contracts plus 675 non-payor-purchaser agreements or contracts.

² 225 payor-purchasers x 6 agreements or contracts per payor x 1/2 hour per submission x 2 submissions per year plus 675 agreements or contracts submitted by non-payor-purchasers x 1/2 hour per submission x 2 submissions per year.

Estimated Annual Reporting and Recordkeeping "Non-hour Cost"
Burden: We have identified no "non-hour" cost burdens.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Comments: Before submitting an ICR to OMB, PRA Section 3506(c)(2)(A) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *." Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, we published a **Federal Register** Notice on October 9, 2002 (67 FR 62985), announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. We received no comments in response to the notice.

If you wish to comment in response to this notice, you may send your

comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by March 27, 2003.

Public Comment Policy: We will post all comments in response to this notice on our web site at http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm. We will also make copies of the comments available for public review, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Individual respondents may request we withhold their home address from the public record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the rulemaking record a respondent's identity, as allowable by law. If you request that we withhold your name and/or address, state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.
