

Administrator the authority under which VISA is sponsored.

B. USTRANSCOM

1. Section 113 and Chapter 6 of Title 10 of the United States Code.

2. DoD Directive 5158.4 designating USCINTRANS to provide air, land, and sea transportation for the DoD.

III. General

A. Concept

1. VISA provides for the staged, time-phased availability of Participants' shipping services/systems to meet NCA-directed DoD Contingency requirements in the most demanding defense oriented sealift emergencies and for less demanding defense oriented situations through prenegotiated Contingency contracts between the government and Participants (see Figure 1). Such arrangements will be jointly planned with MARAD, USTRANSCOM, and Participants in peacetime to allow effective, and efficient and best valued use of commercial sealift capacity, provide DoD assured Contingency access, and minimize commercial disruption, whenever possible.

a. Stages I and II provide for prenegotiated contracts between the DoD and Participants to provide sealift capacity against all projected DoD Contingency requirements. These agreements will be executed in accordance with approved DoD contracting methodologies.

b. Stage III will provide for additional capacity to the DoD when Stages I and II commitments or volunteered capacity are insufficient to meet Contingency requirements, and adequate shipping services from non-Participants are not available through established DoD contracting practices or U.S. Government treaty agreements.

2. Activation will be in accordance with procedures outlined in Section V of this Agreement.

3. Following is the prioritized order for utilization of commercial sealift capacity to meet DoD peacetime and Contingency requirements:

a. U.S. Flag vessel capacity operated by a Participant and U.S. Flag Vessel Sharing Agreement (VSA) capacity of a Participant.

b. U.S. Flag vessel capacity operated by a non-Participant.

c. Combination U.S./foreign flag vessel capacity operated by a Participant and combination U.S./foreign flag VSA capacity of a Participant.

d. Combination U.S./foreign flag vessel capacity operated by a non-Participant.

e. U.S. owned or operated foreign flag vessel capacity and VSA capacity of a Participant.

f. U.S. owned or operated foreign flag vessel capacity and VSA capacity of a non-Participant.

g. Foreign-owned or operated foreign flag vessel capacity of a non-Participant.

4. Under Section VI.F. of this Agreement, Participants may implement CCAs to fulfill their contractual commitments to meet VISA requirements.

B. Responsibilities

1. The SecDef, through USTRANSCOM, shall:

a. Define time-phased requirements for Contingency sealift capacity and resources required in Stages I, II and III to augment DoD sealift resources.

b. Keep MARAD and Participants apprised of Contingency sealift capacity required and resources committed to Stages I and II.

c. Obtain Contingency sealift capacity through the implementation of specific prenegotiated DoD Contingency contracts with Participants.

d. Notify the Administrator upon activation of any stage of VISA.

e. Co-chair (with MARAD) the Joint Planning Advisory Group (JPAG).

f. Establish procedures, in accordance with applicable law and regulation, providing Participants with necessary determinations for use of foreign flag vessels to replace an equivalent U.S. Flag capacity to transport a Participant's normal peacetime DoD cargo, when Participant's U.S. Flag assets are removed from regular service to meet VISA Contingency requirements.

g. Provide a reasonable time to permit an orderly return of a Participant's vessel(s) to its regular schedule and termination of its foreign flag capacity arrangements as determined through coordination between DoD and the Participants.

h. Review and endorse Participants' requests to MARAD for use of foreign flag replacement capacity for non-DoD government cargo, when U.S. Flag capacity is required to meet Contingency requirements.

2. The SecTrans, through MARAD, shall:

a. Review the amount of sealift resources committed in DoD contracts to Stages I and II and notify USTRANSCOM if a particular level of VISA commitment will have serious adverse impact on the commercial sealift industry's ability to provide essential services. MARAD's analysis shall be based on the consideration that all VISA Stage I and II capacity committed will be activated. This

notification will occur on an annual basis upon USCINTRANS' acceptance of VISA commitments from the Participants. If so advised by MARAD, USTRANSCOM will adjust the size of the stages or provide MARAD with justification for maintaining the size of those stages. USTRANSCOM and MARAD will coordinate to ensure that the amount of sealift assets committed to Stages I and II will not have an adverse, national economic impact.

b. Coordinate with DOJ for the expedited approval of CCAs.

c. Upon request by USCINTRANS and approval by SecDef to activate Stage III, allocate sealift capacity and intermodal assets to meet DoD Contingency requirements. DoD shall have priority consideration in any allocation situation.

d. Establish procedures, pursuant to section 653(d) of the Maritime Security Act (MSA), for determinations regarding the equivalency and duration of the use of foreign flag vessels to replace U.S. Flag vessel capacity to transport the cargo of a Participant which has entered into an operating agreement under section 652 of the MSA and whose U.S. Flag vessel capacity has been removed from regular service to meet VISA contingency requirements. Such foreign flag vessels shall be eligible to transport cargo subject to the Cargo Preference Act of 1904 (10 U.S.C. 2631), P.R. 17 (46 App. U.S.C. 1241-1), and Pub. L. 664 (46 App. U.S.C. 1241(b)). However, any procedures regarding the use of such foreign flag vessels to transport cargo subject to the Cargo Preference Act of 1904 must have the concurrence of USTRANSCOM before it becomes effective.

e. Co-chair (with USTRANSCOM) the JPAG.

f. Seek necessary Jones Act waivers as required. To the extent feasible, participants with Jones Act vessels or vessel capacity will use CCAs or other arrangements to protect their ability to maintain services for their commercial customers and to fulfill their commercial peacetime commitments with U.S. Flag vessels. In situations where the activation of this Agreement deprives a Participant of all or a portion of its Jones Act vessels or vessel capacity and, at the same time, creates a general shortage of Jones Act vessel(s) or vessel capacity on the market, the Administrator may request that the Secretary of the Treasury grant a temporary waiver of the provisions of the Jones Act to permit a Participant to charter or otherwise utilize non-Jones Act vessel(s) or vessel capacity, with priority consideration recommended for U.S. crewed vessel(s) or vessel capacity.
