14 CFR Part 71

[Docket No. FAA-2003-14460; Airspace Docket No. 03-ACE-13]

Modification of Class E Airspace; Clinton, IA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action modifies Class E airspace at Clinton, IA. An examination of controlled airspace for Clinton, IA, initiated by National Geodetic Surveys (NGS), of Clinton Municipal Airport, IA and associated navigational aids, revealed discrepancies in the location of these navigational aids. This action corrects the discrepancies by modifying the Clinton, IA Class E2 and Class E5 airspace areas. It also incorporates the revised locations of the Davenport collocated very high frequency omnidirectional radio range and tactical air navigational aid (VORTAC) and the Clinton nondirectional radio beacon (NDB) in the Class E2 and E5 airspace legal descriptions.

DATES: This direct final rule is effective on 0901 UTC, July 10, 2003.

Comments for inclusion in the Rules Docket must be received on or before May 1, 2003.

ADDRESSES: Send comments on this proposal to the Docket Management

System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2003-14460/Airspace Docket No. 03-ACE-13, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. SUPPLEMENTARY INFORMATION: This amendment to 14 CFR 71 modifies the Class E airspace designated as a surface area and the Class E airspace area extending upward from 700 feet or more above the surface at Clinton, IA. It incorporates the revised locations of Davenport VORTAC and Clinton NDB and brings the legal descriptions of these airspace areas into compliance with FAA Order 7400.2E, Procedures for Handling Airspace Matters. The areas will be depicted on appropriate aeronautical charts. Class E airspace areas designated as surface areas are published in Paragraph 6002 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of the same FAA Order. The Class E designations listed in this document will be published subsequently in the Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objection. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal**

Register indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Interested parties are invited to participate in this rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2003-14460/Airspace Docket No. 03-ACE-13." The postcard will be date/time stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
