Title: *Construction Grants Program* (OMB Control No. 2040-0027, EPA ICR Number 0827.06). This is a request to renew an existing approved collection that is scheduled to expire on 3/31/2003. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB.

Abstract: The purpose of this ICR is to revise and extend the current clearance for the collection of information under the EPA Construction Grants Program, 40 CFR part 35, subpart I, and Title II of the Clean Water Act (CWA). The program includes reporting requirements for municipalities, Indian Tribes, and States. In this ICR, the reporting requirements for the Construction Grants Program are divided into three categories:

1. Requirements associated with new grant awards;
2. Requirements associated with project completions; and
3. Requirements imposed on States.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average about 2 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: States and municipalities.

Estimated Number of Respondents: 30.

Frequency of Response: On occasion and annually, average about 5 per year/respondent.

Estimated Total Annual Hour Burden: 26,588 hours.

Estimated Total Annual Cost: \$887,819, includes \$0 annual capital and O&M costs.

Changes in the Estimates: There is a decrease of 50,164 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This decrease is because EPA is phasing out the Title II Construction Grants Program due to establishment of State Revolving Loan Fund program.

Dated: February 10, 2003.

Director, Collection Strategies Division.
