INTRODUCTION.

This volume is a calendar of the John Paul Jones Manuscripts in the Library of Congress. It includes 883 entries. It is arranged chronologically.

In the case of manuscripts that have been published reference is made to the printed copy, and these documents, being made available in this manner, have been calendared but briefly. The names of all persons mentioned in these as well as in the unpublished manuscripts are, however, included in the general index of names.

The manuscripts calendared are a part of the Peter Force Collection purchased by the national government in 1867. John Paul Jones died in 1792. By his will, dated the day of his death, all his papers were left to his sisters and their children. Shortly after Jones's decease his sister, Mrs. Jane Taylor, sent such of his papers as best illustrated his services in the War of the American Revolution to Robert Hyslop, a solicitor of New York. Although considering them of little value, Mr. Hyslop retained them until his death, when they passed into the hands of a tradesman of that city. From this dealer they were acquired by Mr. George A. Ward, who recognized something of their value. Learning of their existence in 1824, Col. John Henry Sherburne, Registrar of the Navy, at once set about the compilation of his *Life of Jones*, published in 1825, in which he printed many of his letters. The papers afterwards came into the possession of Peter Force, and from him were purchased by Congress and placed in the Library as stated above.

One of the eight busts sent to America in 1788 and "Presented by Paul Jones to Maj. Gen. Wm. Irvine" is now in the possession of the Pennsylvania Academy of Fine Arts. To its courtesy the Library of Congress is indebted for the photograph from which was reproduced the half-tone engraving which forms the frontispiece of this calendar.

Significant among the manuscripts calendared are the letters passing between Jones, Franklin, and the French Court during 1778 and 1779.

These letters give a full record of the operations of Jones in European waters. They are particularly valuable from their being in large part autograph drafts, thus showing the writer's original thought, with the later modifications made for reasons of political expediency. The accounts of naval engagements submitted by Jones to the representatives of his own Government and the narrative of his experiences during the American Revolution prepared for presentation to Louis XVI of France are other notable manuscripts in the collection.

 Aug. 14. Edward Bancroft, [Paris]. On his way from Passy to Brest he
 visited L'Orient to see the *Epervier* and the rest of the squadron;
 description of the *Epervier*; Jersey prize sloop and schooner "very
 insignificant things"; inquiry of [James] Moylan and others
 developed no favorable account of their sailing powers; Jones
 arrived at Brest Aug. 10th; command of the *Lively* given to [Pierre
 Dimas, Marquis] de [La] Prévaly by [Antoine Raymond Jean
 Gualbert Gabriel] de Sartine; captain of the *Iphegene* describes
 the *Lively* as a poor sailer; the *Alert* is also commissioned; Jones
 has received no appointment as yet; impatient to proceed; impos-
 sibility of reaching designated place by the 20th; the "Bird
 may perhaps not fly away that very day"; if "that project"
 is laid aside will use best endeavors with the *Alert* and the
Epervier; desires Capt. [Elisha] Hinman to command one of
 them; if this is not agreeable to him, command of the *Ranger* is
 at his service; [Lieut. Thomas] Simpson is "Ungrateful as well as
 disobedient"; has said that [Jonathan] Williams's letter to him
 is a falsehood; Jones is going to demand his court martial as there
 are a sufficient number of American officers in Europe to form
 one; refers to his letter of the 16th to the Commissioners; parole
 of Simpson; his arrest and confinement; crew [of the *Ranger*]
 taught to regard him as "the defender of their Rights"; insub-
 ordination of crew; Simpson's confinement on the *Drake*; his
 removal to the French ship *Admiral* by advice of [Lt.] Gen.
 [Louis Guillouet, Comte] d'Orvilliers; requests that if Bancroft
 "sees fit" this letter be sent to Dr. [Benjamin] Franklin; would
 write to [Jonathan] Williams if he were with Bancroft; the *Drake*
 is advertised for sale [Aug. 19th]; presents best respects to [Dona-
 tien Leray] de Chaumont, his wife and family; hopes to have de
 Chaumont's attention in his absence; shall soon write to [Charles
 Henri Nicolas Othon,] P[rince] de N[assau-Siegen]; necessary for
 Edward Meyers to be present at the court martial [of Simpson];
 he can come down with Capt. Hinman; if Jones had funds in
 Europe he would "Risqué something on the *Drake* and the

- [1778.] [Jones, John Paul.] *Capt., U. S. navy.* [Brest, France.] Letter [to
 Aug. 15.] the United States Commissioners, Paris]. Consequences when
 "much present gain is the ruling principle of officers in an Infant
 Navy"; those when the "Noble-minded step forth to-gether as

 was prevented by jealousy of [Esek Hopkins] then Commander-

[Mathew] Parke of the Marines his only appointee; information respecting 1st Lieut. [Thomas] Simpson and 2d Lieut. [Elijah] Hall; Simpson's misconduct during passage of the *Ranger* to France; Jones summoned to appear before Commissioners at Paris upon his arrival; found it necessary to postpone procuring the promised ship [the *Indien*]; conduct of officers on Jones's return manifested by the enclosed letter from the lieutenants and masters complaining against Capt. Parke; (during cruise between Quiberon and Brest "symptoms of smallpox prevailed"; bad behavior of Simpson and the men; incidents specified; determined to prevent desertions like those from the *Randolph*; Jones informed of a conspiracy against him; mutiny on the *Ranger* just before the capture of the *Drake*; her capture restored "good Humour"; behavior of the men "truly Gallant"; Simpson bargained with the men to leave the "Channell" without attempting any new "Hazardous Enterprise"; further information respecting Simpson's insubordination; presented him with Capt. [George] Bourden's [Burdon's] sword; placed Simpson under arrest on the *Admiral*; [Lt. Gen. Louis Guillouet, Comte] d'Orvilliers advised harsher treatment); Jones unexpectedly sent for from Versailles; requested to remain in Europe by "the Court"; appointment of [Lieut. Musco] Livingston as commander of the *Ranger* would have caused every lieutenant in the navy to be superseded; to prevent this Jones withdrew Simpson's parole so he could command the *Ranger* as lieutenant; Simpson's nonappreciation of "this indulgence" shown by his making false representations about Jones. Autograph draft. 8 pp. 4°. Endorsed: "Relating to the conduct of the Off: of the *Drake* in May, 1778". [Incomplete.]

1778. [Jones, John Paul.] *Capt., U. S. navy.* Brest, [France.] Letter to
Aug. 19. Capt. Abraham Whipple, Brest. Thanks him for "one sentiment", that Jones's letter of July 16th to the "American Plenipotentiaries" was voluntary; "candid part of mankind would do Justice to my motive"; was merciful that [Lieut. Thomas Simpson's] innocent wife and children "might not suffer through the Guilty"; opinion concerning Simpson's parole; "still retains its full force" though broken daily by him; not Whipple's particular province to enter singly into the merits of the case; asked to summon a court martial not to give advice; sufficient number of captains at "free Liberty to act"; refusal to summon court therefore must be from absolute unwillingness; Jones can remember a time when Whipple was not "prejudged by me as one of your Peers". Autograph draft. 3 pp. 4°.

1778. [Jones, John Paul.] *Capt., U. S. navy.* Brest, [France.] Letter to
Aug. 21. Edward Bancroft, [Paris]. [Lt. Gen. Louis Guillouet,] Comte d'Orvilliers sailed [Aug. 17th] from Brest; his "line" now consists of twenty-eight ships; information respecting the sailors of the *Ville de Paris*, *Lively*, *Alert*, and *Epervier*; [James] Moylan expects to sail Wednesday [Aug. 26th]; has submitted Bancroft's account of the homeward bound fleet under the protection of the *Portland* to [Pierre Dimas, Marquis] de La Prévaly; latter has "given the hint" to d'Orvilliers; he desired Jones to make the campaign "with him in the *Bretaign*"; was unable at that time to accept; this has since been possible but Prévaly has objected; has received Bancroft's letter by [Lieut. Peter] Amiel; arrival of the *Providence* and the *Boston* from Nantes [Aug. 15th]; applied to [Capt. Abraham] Whipple for a court martial [for Lieut. Thomas Simpson]; he has endeavored to evade the application; prisoners of war on board the *Patience*, taken under Jones's command, were left by Whipple's order without a guard; he promised them "Liberty without an exchange"; Jones found, upon his return to Brest, "these new made and young Gentlemen" disposing of articles belonging to the *Drake*; the prize ship *Lord Chatham* sold; the *Drake* plundered; her sale postponed; the situation "truly irksome and disagreeable"; rumor that he is "cast off"; many French ships to which he can be appointed; wants command of "what will sail"; can not stand this suspense; presents respects to [Benjamin] Franklin and [Donatien Leray] de Chaumont. Autograph draft. 4 pp. 4°.

1778. [Jones, John Paul.] *Capt., U. S. navy.* Brest, [France.] Letter to
 Aug. 23. [Jonathan] Williams, [Nantes]. Wishes he had come [to Brest]
 instead of going to Nantes; sale of the *Lord Chatham* [Aug. 16th];
 sale of the *Drake* and the *Patience* postponed; description of those
 ships; Lieut. [Thomas] Simpson "Ungrateful as well as Disobe-
 dient"; gave out false reports concerning Jones; denied making
 "offer mentioned" [readiness to give Jones satisfaction had
 latter allowed him to speak on matter of his confinement];
 [Capt. Elisha] Hinman and the ships *Providence* and *Boston*
 arrived on 17th; unsuccessful attempts made to have [Capt. Abra-
 ham] Whipple summon a court martial [for Simpson]; is here in
 a "most disagreeable situation"; rumored that he is "cast off";

 ers have been appointed for them; Jones has received no orders;
 "not suffered even" to follow [Lt. Gen. Louis Guillouet] Comte
 d'Ovilliers as a volunteer; has written to [Edward] Bancroft
 regarding these matters. Autograph draft. 3 pp. 4°.

 Aug. 23. Ross, Nantes. Wrote him from Rennes, June 15th; letter sent
 by Andrew Falton evidently miscarried; sent for from Paris "this
 last time" on business "with which the Court had some con-
 cern"; no issue therefrom; Jones permitted to stay in Europe at
 request of "heigh authority"; is "without employment"; is
 apparently "useless and laid aside"; refers him to [Jonathan]
 Williams for particulars; upon arrival here found "*some New
 made Men & a young Agent*" selling articles belonging to the
Drake; sale of the *Lord Chatham*; that of the *Drake* and *Patience*
 postponed; both have been plundered; seamen have been basely
 used; were without money or clothes; told by officers the fault
 was Jones's; has received his letter of Aug. 12th; has heard
 nothing from the Countess of Selkirk; death of [Thomas] Morris
 [Feb. 1st]; has not written to Robert Morris as he could not give
 him "a pleasing account of my situation"; regrets [Capt. John]
 Young's misfortune; gives description of the *Drake* and the
Patience, as Ross may like to purchase them; if Jones had funds
 he "would have no objection to be concerned." Autograph
 draft. 5 pp. 4°.

1778. [Jones, John Paul.] *Capt., U. S. navy.* Brest, [France.] Letter to
 Aug. 24. B[enjamin] Franklin, [Paris]. At this "nice moment * * *

 pressed by d'Orvilliers to accompany him; precluded by "present
 commandant" [Pierre Dimas, Marquis de La Prévaly] from fol-
 lowing the fleet; has the appearance of "being cast off"; encloses
 letter to [Charles Henri Nicolas Othon,] Prince de Nassau [-Siegen];
 is persuaded that the Court had "intentions in my favor," as "the
 connexion was not of my seeking"; has communicated with
 [Edward] Bancroft regarding these matters. Copy. 2 pp. 4°.

Gen. Louis Guillouet,] Comte d'Orvilliers as a volunteer; prevented from doing so by [Pierre Dimas, Marquis] de La Prévalyé; begs him to represent his "situation to the best of Kings"; mentions ships that may be obtained with the *Epervier* and the *Alert* as tenders if the one "at first proposed * * * can not be got"; has greatest dependence on de Sartine's intentions; requests a letter from his hand; Jones can not write in French but understands "letters that are written in that Language". Has received his letter of Sep. 1st; has placed no dependence in the "Men in power" [Benjamin Franklin, Arthur Lee and John Adams] since his bill was protested; relies on "710" [Antoine Raymond Jean Gualbert Gabriel de Sartine]; at his request Jones undertook his "late journey"; it offered prospect of assistance to America without any expense; inadvisability of leaving Europe; such course would not correspond with letter of 18th to the Commissioners sent by Capt. [Elisha] Hinman; Jones will never become "a mere Adventurer of Fame & Fortune"; seeks fame under the "American flag only"; his reasons for desiring to accompany [Lt. Gen. Louis Guillouet,] Comte d'Orvilliers in the *Bretagne*; treatment of officers and men in the *Ranger*; [Jonathan] Williams will explain cipher employed. Autograph draft. 2 pp. 4°.

1778. [Jones, John Paul.] *Capt. U. S. navy.* Brest, [France.] Letter to Edward Bancroft, "chez Mons. [Ferdinand] Grand", [Paris]. 1779. **Jones**, [John] Paul. *Capt., U. S. S. "Alliance."* The Texel, [Holland.]
Nov. 29. Letter to [John Dirck] Baron Vander Capellen, Amsterdam. Has lost or mislaid his second letter but remembers the questions asked; replies (1) that he never was under obligation to [Dunbar Hamilton Douglas, 4th Earl of] Selkirk; (2) that Selkirk's first letter to Jones was returned to him by the British Ministry and Jones has since learned that Lord Selkirk would accept his plate if it came from any public body but not if from his own private generosity; (3) that he has no commission from France but only one from the Congress of the United States; is obliged for the offer to publish his letter [to the Countess of Selkirk] but cannot publish a letter to a lady "without asking and obtaining the lady's consent"; regrets that his rough journal has been printed "and that too under the disadvantage of a translation"; has received his information as to Selkirk's position from [William] Alexander, an acquaintance of [Benjamin] Franklin. Contemporary copy. 4 pp. 4°.

Dec. 3. [Capt.] J[ohn] P[aul] Jones, [The Texel]. Has received his letter of Nov. 2d; has shipped him ten cases of claret; should he have left Amsterdam, Chevalier [Sir George] Grand is to receive it for himself or sell it for [Bondfield's] account; has noticed the attitude of [Sir Joseph] Yorke but considers that the States General will not be moved; has had difficulty with [Donatien] Leray de Chaumont who refuses to pay for cannon purchased of [] Bory and forwarded to Jones; Quebec fleet daily expected in England; ships are very rich but few in number. A. L. S. 2 pp. 4°.

Has received his letters of Nov. 19th and 23d; information regarding R[obert] Y[oung] and W[illiam] McCall "ALTOGETHER NEW & SURPRISING"; this knowledge has induced him to give orders that Scott's bill be "immediately paid"; reflections on the conduct of Young and McCall; reviews his own course during the war; thanks him for "wishing to remove the prejudices which Britons have imbibed against me"; cannot bring himself "to answer or refute the low invectives that so constantly appear in the English papers"; thinks it inexpedient to write to M[cCall?]; does not care to correspond with a man whom he cannot esteem. Autograph draft. 4 pp. 8 x 6½ inches.

1779. **[Jones, John Paul.]** *Capt., U. S. S. "Alliance."* The Texel, [Holland.]
Dec. 3. Letter to Alexander Park, Amsterdam. Autograph draft. 1 p. 8 x 6½ inches.
1779. [Jones, John Paul.] *Capt., U. S. S. "Alliance."* The Texel, [Holland.]
Dec. 4. Letter to Capt. John Green, Nantes, France. Acknowledges receipt of letter of [Nov.] 18th; was much concerned at news of Green's capture; if arrangements of forces under his command would admit, Jones would be glad to have Green serve with him; Capt. [Gustavus] "Cunningham" [Conyngnam] "now sits by my side *at liberty*"; hopes to see Green soon; wishes to be remembered to all friends at Nantes. Autograph draft. Addressed in care of John Ross. 2 pp. 8 x 6½ inches.
1779. [Jones, John Paul.] *Capt., U. S. S. "Alliance."* The Texel, [Holland.]
Dec. 4. Letter to [] de Balgurie, "agent du Roi de Swede" * * * à Amsterdam". Acknowledges receipt of his letter of Nov. 25th and "one of a former date"; has forwarded the "memorial from the Swedish Envoy at the Hague" to Capt. [Denis Nicolas] Cottineau [de Kloguene] who commands the *Serapis*; men claimed by Sweden were not taken in a merchant ship "but in a Ship *Commissioned & Armed for War against my Country*"; this would justify their being held as prisoners of war; notwithstanding these facts Jones has treated them "as free men"; has accepted "their voluntary Engagement" to serve in his squadron for six months; will not oppose giving up that agreement if Cottineau consents. Autograph draft. 2 pp. 8 x 6½ inches.

A. L. S. 2 pp. F°.
1779. [Jones, John Paul.] *Capt., U. S. S. "Alliance."* The Texel, [Holland.]
Dec. 4. Letter to Laurence Brooke, The Texel. Acknowledges receipt of letter of this date; the difference in tone since the removal of officers and men from the *Serapis* to the *Alliance* is surprising; at Nantes, Brooke "did not desire to have the Rules of the Service subverted to suit private views"; even if desired, Jones "had neither power nor inclination to have made such an agreement"; as both parties agreed respecting Brooke's entrance into the service both must agree to his leaving it; discusses Brooke's reasons for leaving; considers them very unsatisfactory. Autograph draft. 2 pp. 8 x 6½ inches.

1779. **Brooke**, Laurence. *Surgeon, U. S. navy.* The Texel, [Holland.] Letter

Peter Cooper; [] Craig reports that Landay [Capt. Peter Landais] has been tried before [Benjamin] Franklin and that the latter will send the evidence to Congress; [John Dirck,] the Baron [Vander Capellen] denies giving out a copy of Jones's "journals." A. L. S. 2 pp. 4°.

Autograph draft. 8½ x 6½ inches.

[George] Washington; acted as convoy while the *Cerebus* and other vessels cruised around Block Island; convoyed vessels with coal from Boston to Philadelphia about the time [Rear-Admiral Richard, Viscount] Howe arrived at Sandy Hook; encounters with the *Solebay* and the *Milford*; deserted by Capt. [Elisha] Hinman; went to Philadelphia to consult Congress; surprised to find himself "superseded by thirteen men, not one of whom did, (and perhaps some of them durst not) take the Sea against the British Flag at the first"; told by President [John] "Hancock" that the new arrangement "had been the effect only of a multiplicity of Business"; was assured that no naval officer stood higher with Congress than he; prepared plans for regulation and equipment of the navy [Apr. 7, 1777]; on May 9th was ordered to proceed to France on the *Amphitrite*; difficulties prevented; finally went to Europe as commander of the *Ranger* carrying despatches giving history of the campaign of [Lt. Gen. John] Burgoyne; chased the *Invincible* on the way; European cruise of the *Ranger*; plans formed for further service after leaving the *Ranger*; Minister of Marine [Antoine Raymond Jean Gualbert Gabriel de Sartine] promised Jones command of the *Indien*; part to have been taken by [Charles Henri Nicolas Othon,] Prince de Nassau [-Siegen] and [Maj. 1780. **[Franklin, Benjamin.]** *United States minister plenipotentiary to France.* Jun. [18?] [Passy, France.] Memorandum [submitted to John Adams, Paris]. Proposes three queries regarding the position of Capt. John Paul Jones] his successor in command

1780. [Franklin, Benjamin]—Continued.
 Jun. [18?] of that ship?; (2) Is not the conduct of Landais in exciting a mutiny on board the *Alliance* and in making unlawful demands on the United States minister, to be considered reprehensible?; (3) Is it good for the public service that Landais, after such actions, should have command of a vessel laden with public stores destined for America when "if he arrive * * * he must in course be tried"? [Peter] Landais; the [French] government has given positive orders not to allow the *Alliance* to sail under command of Landais; latter is under arrest by order of the King; no injustice has been done; were such the case Congress would give redress to Landais; "And Mr. [Benjamin] Franklin is too wise to exceed the limits of his power" [in conferring authority upon Jones or withholding it from Landais]. 1780. [Jones, John Paul.] *Capt., U. S. navy*. L'Orient, [France.] Letter to
 Jul. 10. John Ross, L'Orient. In answer to his letter of this morning has received no instructions from [Benjamin] Franklin regarding "the embarkation of the American Continental Woolens under your direction on Board the *Ariel*"; intended that they should go on the *Alliance*; as the *Ariel* was loaned by France to transport French arms and clothing to America it is his "thought that Mr. Franklin will not think himself authorized to employ that ship for any other purpose"; advises Ross to use a merchant ship for the woolens; France may furnish a convoy. Autograph draft. 2 pp. $8\frac{1}{2} \times 6\frac{1}{2}$ inches.
1780. [Jones, John Paul.] *Capt., U. S. navy*. L'Orient, [France.] Letter to
 Jul. 11. Jonathan Wheeler, *Ariel*, L'Orient. Has been informed by B[enjamin] Franklin that "A considerable number of American seamen" are at or near St. Malo, [France], who are expected to man the *Ariel*; directs him to proceed thither and engage all such seamen "who may, without loss of time, be willing to come here and to sail with me for America"; encloses letters to the King's commissary and American agent at St. Malo; wishes at least thirty men; is to engage as many others as possible at Morlaix; can assure them of good treatment. 1780. [Jones, John Paul.] *Capt., U. S. navy*. L'Orient, [France.] Letter to
 Jul. 12. B[enjamin] Franklin, [Passy, France]. Was much pleased with his letter of July 5th; regrets that his letter to Dr. [Edward] Bancroft [of June 27th] has given offence to Franklin; it was

- Jul. 12. a private letter; has written no others that he would not willingly show him; justifies his belief that he would be upheld as against Capt. [Peter] Landais in the controversy regarding the command of the *Alliance*; recounts his acts since assuming control of the *Alliance*; refusal of [Donatien Leray de] Chaumont to provide money for wages and prize dues necessitated his trip to Paris; all Americans at L'Orient except [Arthur] Lee and [James] Cummings approved his making the journey; because he "was sent back empty handed" Lee was able to persuade the crew of the *Alliance* to mutiny; "under such circumstances * * * [Anne Hilarion de Contentin, Comte de] Tourville himself could not have prevented their plot from succeeding"; armament of the *Ariel* is well advanced; has received four men from St. Malo; Jonathan Wheeler gone for thirty or forty more; advance wages will be needed; men from the *Bon Homme Richard* expect payment of wages and prize money before sailing; [Donatien Leray] de Chaumont has given [] Montplaisir [de Monplaisir] no means for payment of same; wishes Franklin's advice for the future. Autograph draft. 4 pp. 4°.

Jul. 14. Barbantane Hunolstein?, Versailles]. Begs forgiveness for not answering her letters sooner; "For Shame Paul Jones! how could you let the fairest Lady in the world, after writing you *Two Letters*, wait so long for an Answer"; was ashamed to write of troubles regarding the *Alliance*; ill conduct of [Donatien Leray] de Chaumont; none of the crew "have complained of any illtreatment from me"; will write often in the future. "last remittances" reducing the account to that amount; if Jones will write [Edward] Bancroft stating the exact amount due it shall be applied as the former desires; will not remain in Passy long to transact the business in person; thinks it impossible to obtain an "addition to the *Ariel's* force at present"; advises Jones to hasten to America where he will receive the honors due him and a complete triumph over his enemies. A. L. S. 2 pp. 4°.
1780. **[Jones, John Paul.] Capt., U. S. navy.** L'Orient, [France.] Letter to E[dward] Bancroft, Passy. On receipt of his favor of July 3d he wrote [Jonathan] Williams; hopes that Williams will apply 12,000 livres to use mentioned [payment of debts incurred by Jones?]; has no idea where to obtain "the rest" as [Donatien Leray de] C[haumont] "has had 300,000 livres of his Bills lately protested in Amsterdam"; is informed by [] Montplaisir [de Monplaisir] that de Chaumont has furnished no means for payment of wages or prize money due the crew of the *Bon Homme Richard*; has received "a very severe letter from our Venerable Friend [Benjamin Franklin] for the letter [of June 7th] I wrote you"; summarizes his reply to Franklin; unless wages and prize money are paid, credit of Jones in both Europe and America will be gone and a second revolt [of crew] will be probable; refers to correspondence between [Capt. Peter] Landais and Franklin; the *Alliance* has sailed for America leaving a greater amount of stores than the *Ariel* can carry; wishes the *Terpsicore* could be secured; begs Bancroft and [Jonathan] Williams to urge this with [le Chevalier] de Baudouin; if this be done his project [for an expedition against the English] in which he should have the *Serapis*, *Terpsicore* and *Ariel* under his command will be greatly forwarded; wishes Bancroft to purchase and forward "one of the most fashionable crosses of [the Order of Military] Merit of the small size"; honors bestowed upon him by King [Louis XVI of France]; "the cross and institution of true Merit [bestowed by the King were] enclosed in a letter to [Anne César] Chevalier de La Luzerne". Autograph draft. 3 pp. 8½ x 6½ inches.
1780. **[Jones, John Paul.] Capt., U. S. navy.** L'Orient, [France.] Letter to Jul. 19. [] Chevalier de Baudouin, [Paris]. Would have written earlier but was ashamed of the troubles regarding the *Alliance*; Jones's conduct blameless in that matter; [] Montplaisir [de Monplaisir] has informed him of the derelictness of [Donatien Leray] de Chaumont respecting payment of wages and prize money; his plans for the future; need of clothing for the troops commanded by [Gen. George] Washington; all this clothing could be carried on the *Terpsicore* and *Ariel* together; honors received from [Antoine Raymond Jean Gualbert Gabriel] de Sartine and from the King [Louis XVI of France]; "Cross and institution of Military Merit inclosed in a letter to [Anne César] Chevalier de La Luzerne"; "Count de Lowendal [Comte de La Vendahl?] has proposed to join me in an Expedition" [against the English] and "to command the Land Forces"; has written him on the subject; hopes his own or a better plan may be adopted; has written [Edward] Bancroft regarding the same matter. Jul. 23. John Mayrant, Amsterdam, [Holland]. Has received his letter enclosed in one from [John] de Neufville & Son; in reply states that "no part of the prize money has been or is" in his possession; prizes are sold and [Donatien Leray] de Chaumont has had 100,000 livres of the proceeds in his hands since November; he "does not appear disposed to part with the money"; Gourlade & Moylan are the agents for the crews of the *Bon Homme Richard* and *Alliance* and should be accountable for their proportion; would be glad to do more for him and his brother officers if it were possible; his trip to Paris was to procure free sale of the prizes; would write to each officer but lacks time. 1780. [Jones, John Paul.] *Capt., U. S. navy.* L'Orient, [France.] Letter to
Aug. 2. [Charles Gravier,] Comte de Vergennes, [Versailles]. Would
be unworthy of favors shown him did he not seek new means of
serving France and America; in May, [1780] laid a plan of action
before him and now encloses a copy of same; before the French
fleet under [Admiral Louis Guillouet,] Comte d'Orvilliers sailed
from Brest he was informed by [Donatien Leray] de Chaumont
that the French government desired his written opinion on pri-
vate expeditions [against the English]; gave his views but under-
stands that de Chaumont presented some of these opinions as his
own; gives further views as to the desirability of destroying British
commerce in the Baltic; attacks should be made on England's
colonies and upon her home coasts; these expeditions can be
more easily accomplished under the American than under the
French flag; "this is not theory, for I have proved it by my
experience, and if I have opportunity, I will yet prove it more
fully"; asks assistance in carrying out plans for such expeditions.
