NOTES

1. The signal numbers herein assigned become effective 1 July 1956. The lineal position of all male line and staff corps officers is that held under the provisions of the Officer Personnel Act of 1947.

2. Service date as appearing in column 7 is the date of commencement of commissioned service for the purpose of determining eligibility for continuation on the active list or separation from the active list as defined in subsections 102 (d) and 202 (d) of the Officer Personnel Act of 1947, quoted below:

"102 (d) For the purposes of this title in respect to eligibility for continuation on the active list and in respect to separation from the active list, the total commissioned service of an officer who shall have served continuously in the Regular Navy following appointment therein in the grade or rank of ensign upon graduation from the Naval Academy or pursuant to the Act of August 13, 1946 (Public Law 729, Seventy-ninth Congress), shall be computed from June 30 of the fiscal year in which he accepted such appointment. Each other officer shall be deemed to have for these purposes as much total commissioned service as any officer described above in this subsection who shall not have lost numbers or precedence and who is, or shall have been, junior to such other officer for the purpose of eligibility for promotion or selection for promotion since the date of the latter's first appointment to permanent commissioned rank in the Regular Navy above the grade of commissioned warrant officer, following which he shall have served continuously on the active list of the Regular Navy."

"202 (d) (1) For the purposes of this title in respect to eligibility for continuation on the active list and in respect to separation from the active list, the total commissioned service of an officer originally appointed in the grade or rank of lieutenant (junior grade) or ensign in the Regular Navy, who has served continuously on the active list shall be computed from June 30 of the fiscal year in which he accepted such appointment, except for officers appointed pursuant to the Act of April 18, 1946 (Public Law 347, Seventy-ninth Congress). Each other officer shall be deemed to have for these purposes as much total commissioned service as any officer described above in this subsection who shall not have lost numbers or precedence and who is, or shall have been, junior to such other officer in his corps for the purpose of eligibility for promotion or selection for promotion since the date of the latter's first appointment to permanent commissioned rank in the Regular Navy above the grade of commissioned warrant officer, following which he shall have served continuously on the active list of the Regular Navy.

"(2) Notwithstanding the foregoing provisions of this subsection, the number of years' service to be credited to each lieutenant (junior grade) of the Nurse Corps shall, for the purpose of this title in regard to separation from the active list, be based on her total active service under an appointment as a commissioned officer in the Nurse Corps of the Navy or the reserve component thereof and all active service in the Nurse Corps and the Nurse Corps Reserve abolished by the Act of April 16, 1947 (Public Law 36, Eightieth Congress), shall, for this purpose, be regarded as commissioned service in the Navy.

"(3) Nothwithstanding the provisions of paragraph (1) of this subsection, an officer commissioned in the Medical Service Corps pursuant to the Act of April 18, 1946 (Public Law 347, Seventy-ninth Congress) shall, for the purpose of this title in respect to separation from the active list, be deemed to have total commissioned service equivalent to that of his line officer running mate."

Thus, for line officers who are graduates of the Naval Academy and for officers appointed in the Regular Navy pursuant to the "Holloway Plan" (Public Law 729,

Seventy-ninth Congress) the Service Date is 30 June of the fiscal year in which the original appointment is accepted. For any "other officer" in the line the Service Date is the earliest date the service of any due course line officer (an officer who has not lost numbers or precedence) junior to him on the lineal list commenced. Service Date for staff corps officers originally appointed in the permanent grade of lieutenant (junior grade) or ensign in the corps concerned is 30 June of the fiscal year in which such original appointment in the staff corps is accepted.

For a staff corps reserve or temporary officer who transferred to the regular Navy, Service Date is as early as that of any officer who has not lost numbers or precedence, who is, or has been junior to the transferee in his corps and whose Service Date is computed from the date of acceptance of his original appointment. For a regular officer who transferred from the line to a staff corps in the grade of lieutenant or above, Service Date is as much as any junior due course officer in the corps concerned. For Nurse Corps officers, Service Date is based on total active service and is 30 June of the appropriate year. For Medical Service Corps officers, Service Date is deemed to be the same as that of the line running mate. Service Date is not applicable to temporary officers or to warrant officers and column 7 is blank for such officers. Service Date has limited applicability to women officers appointed pursuant to the Act of June 12, 1948 (Public Law 625, Eightieth Congress), and is based on all active duty on a day for day basis. Therefore, the entry in column 7 for such women officers indicates only the fiscal year in which active duty is deemed to have commenced for purposes of separation under the provisions of Public Law 625, Eightieth Congress.

3. A staff corps officer having a Naval Reserve officer assigned as his (her) running mate has a number shown in the running mate column which is the signal number of the regular Navy line officer next senior to his (her) assigned running mate.

4. The asterisk symbol (*) printed immediately following the signal number indicates that the officer has been selected for promotion to the next higher grade under the provisions of the Officer Personnel Act of 1947 or the Women's Armed Services Integration Act of 1948.

5. The star symbol (☆) printed following the signal number and immediately preceding the name indicates that the officer is serving in the next higher grade under a temporary promotion act (Public Law 188, Seventy-seventh Congress) appointment.

6. The number symbol (#) printed following the signal number and immediately preceding the name indicates that the officer has been recommended for promotion to the next higher grade under the provisions of the temporary promotion act (Public Law 188, Seventy-seventh Congress).

7. The date shown in the column headed "Pay Entry Base Date" in the Index to Names is the date which reflects all service for pay purposes.

8. The numbers shown in the column headed "Locator Code" in the Index to Names are the last two digits of signal numbers of naval officers or of numbers in grade of Marine Corps officers.

9. Errors or omissions should be reported by letter to the Chief of Naval Personnel, Attention Pers-E11.

10. Distribution of this publication is made to ships, aircraft squadrons and staffs in accordance with allowances published in BuPers Instruction 5601.1 of 10 December 1953, and to shore activities in accordance with allowances based on established needs. Such letters should be signed by the commanding officer.

11. For the U. S. Marine Corps, distribution of this publication is made to units and organizations in accordance with the Tables of Allowance (T/A) and the Material Allowance List (MAL). Organizations needing copies in excess of established allowances should make letter request to the Commandant of the Marine Corps (Code ABP), giving justification of need for the additional supply.
