NOTES

Officers are shown in this Register in their status on January 1, 1943, as indicated by the records of the Bureau of Naval Personnel. Officers whose status on that date was other than as shown in this Register are requested to notify the Bureau of Naval Personnel immediately, forwarding with their letter of notification certified copies of all correspondence (other than that originating in the Bureau of Naval Personnel) which established such status.

The service for pay purposes as shown in this Register is computed as of January 1, 1943. The service which has been credited to officers is that which may be counted in the computation of pay in accordance with the Pay Readjustment Act of 1942 (Public Law 607) as amended by the Act of December 2, 1942 (Public Law 785), except enlisted service. Pending recomputation of the Bureau's records to include credit for enlisted service, attention is invited to ALNAV 268–42 and ALNAV 22–43 concerning longevity pay service.

Where practicable, dates of precedence are shown for commissioned officers and are computed in accordance with Bureau of Naval Personnel Manual, Article H–1504. In the cases of officers who have been promoted subsequent to September 8, 1939, while on active duty, the date of precedence and date of rank are identical. Dates of precedence have been omitted for commissioned warrant and warrant officers, for officers of the Honorary Retired List, and for officers whose date of reporting for activye duty has not been reported to the Bureau of Naval Personnel.
